Subject:	DEQ Comments on Vapor Intrusion Investigation Work Plan - Temco (1148)
Date:	Wednesday, March 20, 2024 5:58:00 PM
Attachments:	20240320-1148-DEQ Comments-VI Investigation WP.pdf

---

Hello Chris-

The Department of Environmental Quality (DEQ) has completed its review of the GeoEngineers document titled *Vapor Intrusion Investigation Work Plan* dated February 26, 2024, for the Temco facility at 10240 SE Mather Road in Clackamas, Oregon. DEQ has prepared comments on the work plan (see attached).

DEQ appreciates the efforts of Temco to prepare this work plan for assessing potential vapor intrusion risks to occupants of buildings at properties hydraulically down-gradient of the Temco site. If you and/or Temco have questions or wish to discuss these comments further, DEQ suggests that a meeting (i.e., in-person or virtual) may be in order.

Respectfully,

Jeff K. Schatz, R.G.
Project Manager and Hydrogeologist
