CAUTION: External Email

Hi Jennifer,
I am a bit concerned about the use of "should". We are really getting down to the wire here and not leaving a lot of room for review, revisions, and final production. Based on Kara and my schedules the best case would be H&A receiving DEQ comments by COB Monday.
Katie

Good morning, Steve.
I hope paving is going smoothly this morning at Turning Point. Would you please provide an update regarding the status of the draft report?
Thanks,
Kara Master

Hi Kara,
I plan to have the draft report through internal review and to DEQ by early next week. We have confirmed the schedule for paving for June 22nd, so we'll have to update the report with the paving details for the final version to be submitted by June 30th.
Can you please notify Kelly at Turning Point that H&A and Heffner Paving will be at the site on 6/22? I don't think they are receiving food deliveries on 6/22 but please confirm that this date works for them. If possible, it would be very helpful to have Kelly come by the site at the start of the work to discuss some of the details for the paving. We plan to start at 8am but we can adjust the timing as

needed.
Thanks

Steve Ahlquist, RG

Hi Steve,
I believe we're still waiting for the asphalt pavement to be placed at Turning Point, but would you please provide a quick status update regarding the draft IRAM report and when DEQ may anticipate it for review?
Thanks,

Kara Master
