Thanks for the update, Steve. Good to hear that Kelly was happy with the pavement and Turning Point can resume using that side of the building to receive their deliveries with their forklift.
The DEQ project team eagerly awaits the draft report for review.
Sincerely,
Kara Master

Subject: Johnson Oil IRAM - Turning Point Asphalt Paving Completion
Hi Kara,
Paving activities were completed at the Johnson Oil site today with no issues. Kelly (Turning Point) was on site this morning to discuss how best to pave the area for them to conduct their business. The team carried out Kelly's instructions exactly and she was very satisfied with the end result (see attached photo).
Please let me know if you have any further questions, thank you.
