

RESOLUTION NO. 94-R-571

A RESOLUTION EXEMPTING FROM COMPETITIVE BIDDING THE PURCHASE OF EQUIPMENT FOR THE BEACH AVENUE SEWERAGE PUMP STATION RETRO-FIT.

BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF BROOKINGS THAT:

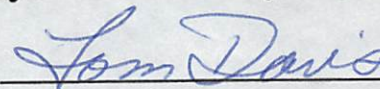

1. The City of Brookings has determined that there is a need for a retro-fit of the Beach Avenue Sewerage Pump Station.

2. Because substantial savings can be realized through a retro-fit of the Beach Avenue Pump Station rather than the purchase of a new lift station system, the City of Brookings has determined that it is in the best interest of the City of Brookings to purchase Smith and Loveless equipment, which is the same brand of equipment as the original Beach Avenue Sewerage Pump Station equipment, for a retro-fit of the sewerage pump station.

2. Staff has contacted the Smith and Loveless factory and has been advised that their distributors have exclusive areas and competition between distributors was not encouraged. ADS Equipment of Portland, Oregon, our area distributor, has quoted a price for the retro-fit at \$10,287.

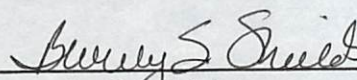

3. The purchase of the equipment for the retro-fit of the Beach Avenue Sewerage Pump Station is therefore exempted from the competitive bidding set out in ORS chapter 279 and the City's Resolution No. 92-R-539.

Passed by the council and signed by the mayor this 24th day of January, 1994.

Tom Davis
Mayor
