

RESOLUTION VI

WHEREAS, the City of Canby has sustained a casualty loss to certain city-owned streets and roads, and the drainage facilities serving the same, and by reason of the fall and spring floods of 1955-1956, and which said losses could not have been foreseen or guarded against, and

WHEREAS, the cost to the City and the residents thereof for the repair and replacement of said damaged facilities, though estimated to be of a nominal amount was not included in the City's budget for the current fiscal year, and consequently the City is without present available funds or other means to effect said repairs and replacements and pay the cost therefor, and

WHEREAS, the flood damage was of such a nature and affected such facilities, such as the City's service road to its water pumps and water supply, that immediate restoration is imperative, now therefore,

BE IT RESOLVED that the City Engineer cause to be prepared and filed with the Governor of the State of Oregon, an application for disaster relief, praying for the sum of \$300.00 to cover estimated emergency repair or temporary replacement cost to roads and their drainage facilities, and all pursuant to Public Law 875--81st Congress, orders of the President of the United States of America, and agreements between the United States and the State of Oregon;

BE IT FURTHER RESOLVED, That the Mayor and City Recorder for the City of Canby cause said application to be executed by their signatures; and thereafter enter into such agreements as the aforesaid Public Law requires and for the purpose of obtaining the relief sought and as set forth in said application.

Dated this 20th day of February, 1956.
