WHEREAS, the Pacific Highway East at its intersection with S. Elm Street in the City of Canby is a State Primary Highway No. 1E; and

WHEREAS, under O.R.S. 366.770 and O.R.S. 366.775, the City and the State may enter into agreements for the construction, reconstruction, improvement, repair or maintenance of any State Highway, road or street, and allocate the costs of the project to the contracting parties, and the State and City in their judgment have deemed it necessary and advisable to install pre-timed traffic signals at the aforesaid intersection and share the work and costs of such project; and

WHEREAS, the plan for the proposed project is to be prepared by the State which shall furnish all material necessary for the installation with the exception of the concrete for the pole footings, and the City is to furnish the concrete and construct the pole footings, install and paint the steel poles, perform all trenching and conduit installations, and after completion of the project, maintain the traffic signals and pay for all electrical energy consumed by the same; now, therefore,
