Re: City Resolution No. 729

Dear Commissioners Kennemer, Sowa and Jordon:

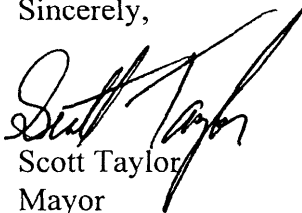

The enclosed resolution addresses our mutual desires to provide our community with safe and decent roads within our limited road funding resources. The resolution also reflects our on going discussions with you involving a sooner rather than later County surrendering of jurisdiction of County roads within the City to the City.

The recently completed joint project between your road division and our street division on North Pine Street, although only a maintenance upgrade, is an example of the kind of mutually agreed upon roads projects that we can do together. Therefore, we believe the time is appropriate for the Board and Council to mutually commit to joint funding and pooling of other resources for upgrading and reconstruction of County roads within the Canby community.

In the meantime, we have instructed our staff to further pursue other road maintenance upgrade projects with your road division.

We look forward to your commitment to joint funding and pooling of resources for mutual road projects.

Sincerely,

Scott Taylor
Mayor
