Process Heating Co.	2732 Third Avenue S. Seattle, Wa 98134	\$19,940.00

WHEREAS, the Canby City Council, acting as the City's Contract Review Board, met on December 7, 1988, and considered the bids and the reports and recommendations of the City staff; and

WHEREAS, the Canby City Council determined that the lowest and best bid was that of Process Heating Company; now therefore

THE CITY OF CANBY ORDAINS AS FOLLOWS:

Section 1. The Mayor and the City Recorder are hereby authorized and directed to make, execute, and declare in the name of the City of Canby and on its behalf, an appropriate purchase agreement with Process Heating Company for the purchase of a dump body tack and patch unit to the published specifications, for the bid amount of \$19,940.00. A copy of said purchase agreement is attached hereto and marked as Exhibit "A" and by this reference incorporated herein.

Section 2. Inasmuch as it is in the best interest of the citizens of Canby, Oregon, to complete this purchase as soon as possible, an emergency is hereby declared to exist and this

ordinance shall therefore take effect immediately upon its enactment after final reading.

SUBMITTED to the Canby City Council and read the first time at a regular meeting thereof on Wednesday, December 7, 1988; ordered posted as required by the Canby City Charter and scheduled for second reading on Wednesday, December 21, 1988, commencing after the hour of 7:30 p.m., at the Council Chambers at the Canby City Hall, 182 N. Canby, Oregon 97013

Dear Mr. Hester:

Thank you for your Request to Bid concerning the "PATCH KING / TAC KING" which has been manufactured by Process Heating for over fifteen years, here in the Pacific Northwest. We have enclosed a a brochure, specification sheet, warranty and users list. The hydraulic models have become the stand-ard since we added that feature in 1986. The "PATCH KING / TAC KING" are still the same basic product with a open coil design, "LO-DENSITY," heating element that will not carbonize or "coke" the asphalt as it dissipates less than one watt per square inch on the interior surface. The "PATCH KING / TAC KING" is well insulated due to our experience with heating systems and heat loss formulas on asphalt storage tanks. Our heating system are the simplest, safest, most effective, of any patching box on the market today.

1 - PHCo - PATCH KING PK 40 H	\$ 14,995.00
1 - PHCo - TAC KING TK 120 H	3,995.00
1 - PHCo - Shovel Apron - Split & Hinged	595.00
1 - PHCo - Mounting Hardware (chains, binders & beam)	295.00
Freight from Seattle to Canby	225.00
Total	\$ 19,940.00

Feel free to call us if you have any questions. PHCo's prices are normally F.O.B. the factory in Seattle, Washington 98134, however we included the price of freight to show the total landed cost for the unit, so we meet or exceed the minimum requirements of the enclosed bid. Training is part of the above price and delivery is six weeks from time of order.

Sincerely,
PROCESS HEATING COMPANY
