(ii) The Borrower has full legal right and authority and all necessary licenses and permits required as of the date hereof to own, operate and maintain the Project and its System, other than licenses and permits relating to the Project which the Borrower expects to receive in the ordinary course of business, to carry on its activities relating thereto, to execute and deliver this Loan Agreement, to undertake and complete the Project, and to carry out and consummate all transactions contemplated by this Loan Agreement.

The Project is a project which the Borrower may undertake pursuant to Oregon law and for which the Borrower is authorized by law to borrow money.

(iii) The proceedings of the Borrower's governing members and voters, if necessary, approving this Loan Agreement and authorizing their execution, issuance and delivery on behalf of the Borrower, and authorizing the Borrower to undertake and complete the Project have been duly and lawfully adopted in accordance with the laws of Oregon and such proceedings were duly approved and published, if necessary, in accordance with applicable Oregon law, at a meeting or meetings which were duly called pursuant to necessary public notice and held in accordance with applicable Oregon law, and at which quorums were present and acting throughout.

(iv) This Loan Agreement has been duly authorized, executed and delivered by an Authorized Officer of the Borrower; and, assuming that the State has all the requisite power and authority to authorize, execute and deliver, and has duly authorized, executed and delivered, this Loan Agreement; this Loan Agreement constitutes the legal, valid and binding obligation of the Borrower in accordance with its terms, and the information contained in Exhibits A and B attached hereto and made a part hereof and in Sections 2, 3, 4 and 9 of Exhibit C attached hereto and made a part hereof is true and accurate in all respects.

(v) The Contract and the Loan Agreement have been authorized by an ordinance of the Borrower which was adopted with not less than 14 days prior notice. Such notice was published at least once in a newspaper of general circulation within the Borrower's jurisdiction.

(b) Full Disclosure.

There is no fact that the Borrower has not disclosed to the State in writing on the Borrower's application for the Loan or otherwise that materially adversely affects the properties, activities, prospects or condition (financial or otherwise) of the Borrower, the Project or the Borrower's System, or the ability of the Borrower to make all Loan Repayments and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement. Neither the Borrower's application for the Loan or the Borrower's representations in this Loan Agreement contain any untrue statement of a material fact or omits any statement or information which is necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

(c) Pending Litigation.

There are no proceedings pending, or, to the knowledge of the Borrower threatened, against or affecting the Borrower, in any court or before any governmental authority or arbitration board or tribunal that, if adversely determined, would materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the Borrower or its System, or the ability of the Borrower to make all Loan Repayments and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement, that have not been disclosed in writing to the State in the Borrower's application for the Loan or otherwise to the State.

(d) Compliance with Existing Laws and Agreements.

The authorization, execution and delivery of this Loan Agreement by the Borrower, the observation and performance by the Borrower of its duties, covenants, obligations and agreements thereunder and the consummation of the transactions provided for in this Loan Agreement, the compliance by the Borrower with the provisions of this Loan Agreement and the undertaking and completion of the Project will not result in any breach of any of the terms, conditions or provisions of, or constitute a default under, or result in the creation or imposition of any lien, charge or encumbrance upon any property or assets of the Borrower pursuant to any existing ordinance or resolution, trust agreement, indenture, mortgage, deed of trust, loan agreement or other instrument (other than the lien and charge of this Loan Agreement and any ordinance or resolution, or indenture, which authorized outstanding debt obligations of the Borrower which are at parity with, or superior to, the Loan as to lien on, and source and security for, payment thereon from the source of payment that is pledged to the payment of the Loan) to which the Borrower is a party or by which the Borrower, its System or any of its property or assets may be bound, nor will such action result in any violation of the provisions of the charter or other document pursuant to which the Borrower was established or any laws, ordinances, resolutions, governmental rules, regulations or court orders to which the Borrower, its System or its properties or operations is subject.

(e) No Defaults.

No event has occurred and no condition exists that, upon authorization, execution and delivery of this Loan Agreement or receipt of the amount of the Loan, would constitute an Event of Default hereunder. The Borrower is not in violation of, and has not received notice of any claimed violation of, any term of any agreement or other instrument to which it is a party or by which it, its System or its property may be bound, which violation would materially adversely affect the properties, activities, prospects or condition (financial or otherwise) of the Borrower or its System or the ability of the Borrower to make all Loan Repayments or otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement.

(f) Governmental Consent.

The Borrower has obtained or will obtain all permits and approvals required to date by any governmental body or officer for the making, observance and performance by the Borrower of its duties, covenants, obligations and agreements under this Loan Agreement or for the undertaking or completion of the Project and the financing or refinancing thereof; and the Borrower has complied or will comply with all applicable provisions of law requiring any notification, declaration, filing or registration with any governmental body or officer in connection with the making, observance and performance by the Borrower of its duties, covenants, obligations and agreements under this Loan Agreement or with the undertaking or completion of the Project and the financing or refinancing thereof. No consent, approval or authorization of, or filing, registration or qualification with, any governmental body or officer that has not been obtained is required on the part of the Borrower as a condition to the authorization, execution and delivery of this Loan Agreement.

(g) Compliance with Law.

The Borrower

(i) is in compliance with all laws, ordinances, governmental rules and regulations to which it is subject, the failure to comply with which would materially adversely affect the ability of the Borrower to conduct its activities or undertake or complete the Project or the condition (financial or otherwise) of the Borrower or its System; and

(ii) has obtained or will obtain all licenses, permits, franchises or other governmental authorizations presently necessary for the ownership of its property or for the conduct of its activities which, if not obtained, would materially adversely affect the ability of the Borrower to conduct its activities or undertake or complete the Project or the condition (financial or otherwise) of the Borrower or its System.

(h) Use of Proceeds.

The Borrower will apply the proceeds of the Loan (a) to finance all or a portion of the Costs of the Project; and (b), where applicable, to reimburse the Borrower for a portion of the Costs of the Project, which portion was paid or incurred in anticipation of reimbursement by the State. None of the proceeds of the Loan shall be used for administrative purposes by the Borrower.

The Project.

(i) The Project is feasible and there will be adequate funds available to repay the Loan.

(ii) The Project is situated in an area in which economic development is prevented or substantially restricted by a lack of adequate sewage treatment works, solid waste disposal sites, water supply works, roads, public transportation or other facilities that comprise the physical foundation for industrial and commercial activity.

(iii) The Project is situated in a city or county with a comprehensive land use plan that allows industrial and commercial development of a type and scale that is sufficient to repay the costs of the Project.

(iv) A high probability exists for industrial or commercial development, or both, of the properties served by the Project.

(v) The Borrower has provided as part of the security for repayment of the Loan, provisions for payments from any owners of property specially benefitted by the Project which are sufficient when considered with other security to assure repayment of the Loan and the portion of any State Bonds that fund or refinance the Loan.

(vi) The Borrower has been provided with a copy of the rules adopted by the State under ORS 285.707 and the Project is in compliance with such rules.

(vii) The principal amount of the Loan shown on Exhibit C(5) attached hereto is not in excess of the reasonable Costs of the Project.

SECTION 2.02. Particular Covenants of the Borrower.

(a) Source of Repayment Pledge.

The Borrower irrevocably pledges the sources of repayment described in Section 3.09 of this Loan Agreement for the punctual payment of the principal of and the interest on the Loan, and all other amounts due under this Loan Agreement according to their respective terms.

(b) Performance Under Loan Agreement.

The Borrower covenants and agrees (i) to maintain the Project and its System in good repair and operating condition; (ii) to cooperate with the State in the observance and performance of the respective duties, covenants, obligations and agreements of the Borrower and the State under this Loan Agreement; and (iii) to comply with the covenants described in the Exhibits to this Loan Agreement.

(c) Completion of Project and Provision of Moneys Therefor.

The Borrower covenants and agrees to provide the State with copies of all plans and specifications relating to the Project for review and approval by the State. The Borrower further covenants and agrees (i) to exercise its best efforts in accordance with prudent practice to complete the Project and to so accomplish such completion on or before the estimated Project completion date set forth in Exhibit C(4) hereto and made a part hereof; (ii) to proceed expeditiously with, and complete, the Project in accordance with plans reviewed and approved by the State and (iii) to provide from its own fiscal resources all moneys, in excess of the total amount of proceeds it receives pursuant to the Contract and the Loan, required to complete the Project. For purposes of (ii) of the preceding sentence, if the State does not review the plans and specifications or suggests modifications thereto within 30 days of the receipt of the plans and specifications, they shall be deemed approved.

(d) Disposition of Project or System.

The Borrower shall not sell, lease, abandon or otherwise dispose of all or substantially all or any substantial portion of the Project or its System or any other system which provides revenues to provide for the payment of this Loan Agreement except on ninety (90) days' prior written notice to the State and, in any event, shall not so sell, lease, abandon or otherwise dispose of the same unless the State consents to such sale, lease, abandonment or other disposition and either:

(i) The Borrower assigns this Loan Agreement and the conditions of Section 4.02 hereof are satisfied,

(ii) The Borrower demonstrates to the satisfaction of the Trustee that such sale, lease, abandonment or other disposition will not adversely affect the rating of the State Bonds,

(iii) A rating of the Loan is obtained which (a) addresses such sale, lease, abandonment or other disposition, (b) is no lower than the rating of the State Bonds and (c) satisfies the requirements of Section 2.2(a)(x) of the Bond Indenture, or

(iv) The State certifies to the Borrower that this Loan Agreement has not been assigned to the Trustee and provides a copy of such certification to the Trustee.

The State shall not consent to any such sale, lease, abandonment or other disposition unless the State shall have received an opinion of the State's counsel to the effect that such sale, lease, abandonment or other disposition will not adversely affect the exclusion of interest on the Loan and on the State Bonds from gross income for purposes of federal income taxation under Section 103(a) of the Code.

(e) Exclusion of Interest from Federal Gross Income and Compliance with Code.

(i) The Borrower covenants and agrees that it shall not take any action or omit to take any action which action or omission would result in the loss of the exclusion of the interest on the State Bonds (assuming solely for this purpose that the proceeds of the State Bonds loaned to the Borrower represent all of the proceeds of the State Bonds) from gross income for purposes of federal income taxation as that status is governed by Section 103(a) of the Code.

(ii) The Borrower shall not take any action or omit to take any action, which action or omission would cause the Loan or the State Bonds (assuming solely for this purpose that the proceeds of the State Bonds loaned to the Borrower represent all of the proceeds of the State Bonds) to be "private activity bonds" within the meaning of Section 141(a) of the Code. Accordingly, unless the Borrower receives the prior written approval of the State, the Borrower shall neither (A) permit in excess of 10 percent of either (i) the proceeds (such term as used in this Loan Agreement shall have the same meaning as when used in Section 148 of the Code) of the Loan or (ii) the Project financed (or refinanced) with the proceeds of the Loan, to be used (directly or indirectly) in any manner that would constitute "private business use" within the meaning of Section 141(b)(6) of the Code, nor (B) use (directly or indirectly) any of the proceeds of the Loan, to make or finance loans to persons other than governmental units (as such term is used in Section 141(c) of the Code); provided further, that at least one half of the private business use permitted by clause (A) shall be neither (i) disproportionate related business use, nor (ii) private business use not related to the government use of such proceeds of the Loan.

(iii) The Borrower shall not directly or indirectly use or permit the use of any proceeds of the Loan (or amounts replaced with such proceeds) or any other funds or take any action or omit to take any action, which use or action or omission would cause the Loan or the State Bonds (assuming solely for this purpose that the proceeds of the State Bonds in the hands of the Borrower represent all of the proceeds of the State Bonds) to be "arbitrage bonds" within the meaning of Section 148(a) of the Code.

(iv) The Borrower shall not use (directly or indirectly) the proceeds of the Loan or the State Bonds in any manner that would constitute an "advance refunding" within the meaning of Section 149(d)(5) of the Code.

(v) The Borrower will not cause the Loan to be treated as a "federally guaranteed" obligation for purposes of Section 149(b) of the Code, as may be modified in any applicable rules, rulings, policies, procedures, regulations or other official statements promulgated or proposed by the Department of the Treasury or the Internal Revenue Service with respect to "federally guaranteed" obligations described in Section 149(b) of the Code. For purposes of this paragraph, the Loan shall be treated as "federally guaranteed" if: (a) all or any portion of the principal or interest is or will be guaranteed directly or indirectly by the United States of America or any agency or instrumentality thereof, or (b) five percent or more of the proceeds of the Loan will be (1) used in making loans the payment of principal or interest with respect to which is guaranteed in whole or in part by the United States of America or any agency or instrumentality thereof, or (2) invested directly or indirectly in federally insured deposits or accounts, and (c) none of the exceptions described in Section 149(b)(3) of the Code apply.

(vi) The Borrower agrees to assist the State, the Issuer and the Trustee to ensure that all amounts required to be rebated to the United States of America pursuant to Section 148(f) of the Code are rebated to the United States of America. The Borrower agrees to provide all amounts necessary to satisfy the requirements of Section 148(f) applicable to the Loan and, to pay to the State, the Issuer, or the Trustee such amounts as may be directed by the State, the Issuer, or the Trustee and at such times as the Borrower may be so directed to satisfy the requirements of Section 148(f) of the Code applicable to the portion of the proceeds of any State Bonds applied to fund or refinance the Loan. The Borrower further agrees to reimburse the State, the Issuer or the Trustee for the portion of any expenses incurred by them that relate to the Loan and are necessary to satisfy the requirements of Section 148(f) of the Code.

(vii) In furtherance of the foregoing, the Borrower covenants that it will comply with the provisions of any tax certificate as to compliance with the provisions of Sections 103 and 141 through 150 of the Code entered into by the Borrower, the State or the Issuer with respect to the Loan or the State Bonds and will furnish to the State, the Issuer, or the Trustee in writing, upon reasonable request, information regarding investments and use of proceeds of the Loan or the State Bonds and of any facilities financed or refinanced therewith.

(viii) Notwithstanding anything to the contrary, so long as is necessary to maintain the exclusion from gross income for purposes of federal income taxation of interest on the Loan or the State Bonds, the covenants contained in this subsection (e) shall survive the payment of the Loan and the State Bonds, and the interest thereon, including any payment pursuant to Section 3.07 of this Loan Agreement.

(ix) Neither the Borrower nor any of its political subdivisions shall, pursuant to any arrangement, formal or informal, purchase State Bonds in an amount related to the amount of the Loan.

(f) Operation and Maintenance of System.

The Borrower covenants and agrees that it shall, in accordance with prudent utility practice, (i) at all times operate the properties of its System and any business in connection therewith in an efficient manner, (ii) maintain its System in good repair, working order and operating condition, (iii) from time to time make all necessary and proper repairs, renewals, replacements, additions, betterments and improvements with respect to its System so that at all times the business carried on in connection therewith shall be properly and advantageously conducted and (iv) not provide free service to any customer served by the System except in an emergency; provided, however, this covenant shall not be construed as requiring the Borrower to expend any funds which are derived from sources other than the operation of its System or other receipts of such System which are not pledged under subsection (a) of this Section 2.02, and provided further that nothing herein shall be construed as preventing the Borrower from doing so.

(g) Records; Accounts.

The Borrower shall keep accurate records and accounts for its System (the "System Records"), separate and distinct from its other records and accounts (the "General Records"). Such System Records shall be maintained in accordance with generally accepted government accounting standards and shall be audited annually by an independent accountant, which audit may be part of the annual audit of the General Records of the Borrower. Such System Records and General Records shall be made available for inspection by the State or the Trustee at any reasonable time, and a copy of such annual audit(s) therefor, including all written comments and recommendations of such accountant, shall be furnished to the State within 210 days of the close of the fiscal year being so audited.

(h) Inspections; Information.

The Borrower shall permit the State, and the Trustee and any party designated by any of such parties to examine, visit and inspect, at any and all reasonable time, the property, if any, constituting the Project, and to inspect and make copies of any accounts, books and records, including, without limitation, its records regarding receipts, disbursements, contracts, investments and any other matters relating thereto and to its financial standing, and shall supply such reports and

information as the State and the Trustee may reasonably require in connection therewith. In addition, the Borrower shall provide the State with copies of any official statements or other forms of offering prospectus relating to any other bonds, notes or other indebtedness of the Borrower that are issued after the Loan Closing Date and are secured from the same source or sources of repayment as the Loan.

(i) Insurance.

The Borrower shall maintain or cause to be maintained insurance policies with responsible insurers or self insurance programs providing against risk of direct physical loss, damage or destruction of its System, at least to the extent that similar insurance is usually carried by governmental units constructing, operating and maintaining system facilities of the nature of the Borrower's System, including liability coverage, all to the extent available at reasonable cost. Nothing herein shall be deemed to preclude the Borrower from exerting against any party, other than the State, a defense which may be available to the Borrower, including, without limitation a defense of immunity.

(j) Costs of the Project.

The Borrower certifies that (1) the Costs of the Project, as listed in Exhibits B and C(3) hereto and made a part hereof, is a reasonable and accurate estimation and based upon an engineer's feasibility report and engineer's estimate stamped by a registered professional engineer and (2) the Costs of the Project are not less than the sum of the proceeds of the Loan and the investment earnings projected to be derived from the investment of such proceeds.

(k) Notice of Material Adverse Change.

The Borrower shall promptly notify the State and the Trustee of any material adverse change in the activities, prospects or condition (financial or otherwise) of the Borrower or its System, or in the ability of the Borrower to make all Loan Repayments and otherwise observe and perform its duties, covenants, obligations and agreements under this Loan Agreement.

(l) Contract Covenants.

The Borrower covenants and agrees to comply with the terms of the Contract including the covenants of the Borrower in Section 6 of the Contract.

(m) Continuing Representations.

The representations of the Borrower contained herein shall be true at the time of the execution of this Loan Agreement and at all times during the term of this Loan Agreement.

ARTICLE III

**LOAN TO BORROWER; AMOUNTS PAYABLE;
GENERAL AGREEMENTS**

SECTION 3.01. The Loan; Loan Term.

(a) The State hereby agrees to loan and disburse to the Borrower in accordance with Section 3.02 hereof, and the Borrower agrees to borrow and accept from the State, the Loan in the principal amount equal to the loan commitment set forth in Exhibit C(5) attached hereto and made a part hereof; provided, however, that (i) the State shall be under no obligation to make the Loan if the Borrower does not deliver the documents required by Section 6.3 of the Bond Indenture (regardless of whether the Loan Agreement is assigned to the Trustee) to the State on or prior to the Loan Closing Date or an Event of Default has occurred and is continuing under the Bond Indenture or this Loan Agreement, and (ii) the obligation of the State to fund the Loan is contingent upon the availability of moneys in the Special Public Works Fund for use in the Project. The Borrower shall use the proceeds of the Loan strictly in accordance with Section 2.01(h) hereof.

(b) The term of the Loan is set forth on Exhibit D attached hereto. The Borrower hereby represents that the term of the Loan is not in excess of the usable life of the Project.

SECTION 3.02. Disbursement of Loan Proceeds. The State shall disburse amounts which in the aggregate are not in excess of the sum of (a) principal amount of the Loan shown on Exhibit C(5) to this Loan Agreement together with (b) all earnings derived by the State from the investment of the proceeds of the Loan held in the Special Public Works Fund, to the Borrower upon receipt by the State of a requisition executed by the Borrower in substantially the form attached hereto as Exhibit E.

SECTION 3.03. Loan Payments and Other Amounts Payable. The Borrower hereby covenants and agrees to repay the Loan in accordance with the terms of the Note. In the event that the Borrower receives written notification from the State, the Issuer or the Trustee that payments made pursuant to this Loan Agreement have been assigned by the State to the Trustee under the Bond Indenture, all payments hereunder or pursuant to the Note shall be made directly to the Trustee for the account of the State pursuant to such assignment. The Borrower acknowledges that payment of the State Bonds by the Issuer or the State does not constitute payment of the amounts due under this Loan Agreement.

SECTION 3.04. Unconditional Obligations. The obligation of the Borrower to make the Loan Repayments and all other payments required hereunder and the obligation to perform and observe the other duties, covenants, obligations and agreements on its part contained herein is payable solely from the sources of repayment described in Section 3.09 hereto and shall be absolute and unconditional and shall not be abated, rebated, set-off, reduced, abrogated, terminated, waived, diminished, postponed or otherwise modified in any manner or to any extent whatsoever, while any State Bonds remain outstanding or any payments under this Loan Agreement remain unpaid, regardless of any contingency, act of God, event or cause whatsoever, including (without limitation) any acts or circumstances that may constitute failure of considerations, eviction or constructive eviction, the taking by eminent domain or destruction of or damage to the Project or the System, commercial frustration of the purpose, any change in the laws of the United States of America or of the State of Oregon or any political subdivision of either or in the rules or regulations of any governmental authority, any failure of the Issuer, the State or the Trustee to perform and observe any agreement, whether express or implied, or any duty, liability, or obligation arising out of or connected with the Project, this Loan Agreement or the Bond Indenture or any rights of set off, recoupment, abatement or counterclaim that the Borrower might otherwise have against the Issuer, the State, the Trustee or any other party or parties; provided, however, that payments hereunder shall not constitute a waiver of any such rights. The Borrower shall not be obligated to make any payments required to be made by any other Municipality under any separate loan agreement or the Bond Indenture.

SECTION 3.05. Loan Agreement to Survive Bond Indenture and State Bonds. The Borrower acknowledges that its duties, covenants, obligations and agreements hereunder shall survive the discharge of the Bond Indenture applicable to the State Bonds and payment of the principal of, redemption premium, if any, and interest on the State Bonds.

SECTION 3.06. Disclaimer of Warranties and Indemnification. The Borrower acknowledges and agrees that (i) neither the Issuer, the State nor the Trustee makes any warranty or representation, either express or implied as to the value, design, condition, merchantability or fitness for particular purpose or fitness for any use of the System or the Project or any portions thereof or any other warranty or representation with respect thereto; (ii) in no event shall the Issuer, the State or the Trustee or their respective agents be liable or responsible for any direct, incidental, indirect, special or consequential damages in connection with or arising out of this Loan Agreement or the Project or the existence, furnishing, functioning or use of the System or the Project or any item or products or services provided for this Loan Agreement; and (iii) to the extent authorized by law, the Borrower shall indemnify, save and hold harmless the Issuer and the State against any and all claims, damages, liability and court awards including costs, expenses, and attorney fees incurred as a result of any act or omission by the Borrower, or its

employees, agents or subcontractors pursuant to the terms of this Loan Agreement, provided, however, that the provisions of this clause (iii) are not intended to and shall not be construed as a waiver of any defense or limitation on damages provided for under and pursuant to Chapter 30 of the Oregon Revised Statutes or under the laws of the United States or other laws of the State of Oregon.

SECTION 3.07. Loan Prepayments. The Borrower may make Loan Prepayments upon prior written notice not less than ninety (90) days to the State and the Trustee and upon payment by the Borrower to the Trustee of the principal amount of the Loan Prepayments to be prepaid, plus the interest to accrue on such amount to the date of payment; provided, however, that

(a) no Loan Prepayment shall be made prior to the Optional Loan Prepayment date shown on Exhibit C(7) to this Loan Agreement or, if later, the date on which the State Bonds are first subject to optional redemption,

(b) each Loan Prepayment shall include the prepayment premium, if any, applicable to such Loan Prepayment as determined in accordance with Exhibit C(8) to this Loan Agreement or such greater amount required to prepay the State Bonds, and

(c) any Loan Prepayment may only be made upon the prior written approval of the State.

Loan Prepayments shall be applied first to accrued interest on the portion of the Loan to be prepaid and then to principal payments (including premium, if any) on the Loan in inverse order of their maturity.

SECTION 3.08. Unexpended Loan Proceeds. Any proceeds of the Loan held by the State on the second anniversary of the Loan Closing Date shall be applied, on the next January 1 that is not less than forty five (45) days after such second anniversary date, to prepay principal on the Loan in an amount equal to the amount of such unexpended proceeds less any amounts necessary to pay any arbitrage rebate due with respect to the Loan pursuant to Section 148(f) of the Code. Principal payments due on the Loan, as shown on Exhibit D attached hereto, shall be reduced in inverse order of their maturity to the extent of any principal prepaid on the Loan pursuant to this Section 3.08. To the extent that all principal due on the Loan is paid as a result of a prepayment of the Loan pursuant to this Section 3.08, any remaining proceeds of the Loan held by the State in the account established for the Borrower in the Special Public Works Fund shall be applied to pay any interest due on the Loan on the Loan prepayment date described in this Section 3.08. If any amounts remain in the account established for the Borrower in the Special Public Works Fund after the payment of amounts described in the preceding sentence, such amounts shall be the property of the State and the Borrower shall have no claim to such amounts.

SECTION 3.09. Source of Payment of Borrower's Obligations.

(a) The State and the Borrower agree that the amounts payable by the Borrower under this Loan Agreement, including, without limitation, the amounts payable by the Borrower pursuant to Section 3.03, Section 3.06, Section 3.07 and Section 5.04 of this Loan Agreement are payable from the source of repayment described in paragraphs (b) and (c) of this Section 3.09. Nothing herein shall be deemed to prevent the Borrower from paying the amounts payable under this Loan Agreement from any other legally available source.

(b) The amounts payable by the Borrower under this Loan Agreement are payable from:

(i) any sources of funds that are legally available to the Borrower,

(ii) the revenues, if any, of the Project, including special assessment revenues, and

(iii) the Borrower's general fund including the general revenues of the Borrower, other funds which may be available for such purpose and a pledge of the Borrower's taxing power within the restrictions of Article XI, Section 11 and 11b of the Constitution of the State of Oregon. If the Borrower is not a county, the obligation of the Borrower to make payments hereunder is a full faith and credit obligation of the Borrower and is not subject to annual appropriation. If the Borrower is a county, the Borrower acknowledges its current intention to make all payments due hereunder on the dates on which such payments are due and, to the extent that funds are appropriated to make payments hereunder, the full faith and credit of the Borrower are pledged to such payments.

(c) The Borrower expressly acknowledges that if the Borrower defaults on payments due under this Loan Agreement, the State of Oregon, pursuant to ORS 285.727, may withhold any amounts otherwise due to the Borrower to apply to payments due under this Loan Agreement. The State hereby covenants to enforce any remedy available to the State pursuant to ORS 285.727.

SECTION 3.10. Delivery of Documents.

Concurrently with the execution and delivery of this Loan Agreement, the Borrower will cause to be delivered to the State each of the following items:

a. an opinion of the Borrower's counsel substantially in the form set forth in Exhibit D to the Bond Indenture (such opinion or portions of such opinion may be given by one or more counsel); provided, however, that the State and the State's Counsel may permit variances in such opinion from the form or substance of such Exhibit D to the Bond Indenture if such variances are not to the material detriment of the interests of the holders of the State Bonds;

- b. an opinion of the State's Counsel substantially in the form set forth in Exhibit E to the Bond Indenture;
- c. executed counterparts of this Loan Agreement and the Contract;
- d. copies of the ordinance of the governing body of the Borrower authorizing the execution and delivery of this Loan Agreement and the Contract, certified by an Authorized Officer of the Borrower; and
- e. such other certificates, documents, opinions and information as the State, the Trustee, the Issuer or the Underwriter may require.

Section 3.11. Maintenance of Records by State. The State shall maintain records of all amounts held in accounts within the Special Public Works Fund allocable to the Loan. All earnings derived from the investment of such amounts shall be retained in and credited to such accounts and shall be available for disbursement to the Borrower pursuant to 3.02 hereof. The State shall provide the Borrower records relating to such accounts at least twice each year prior to the disbursement of all amounts held in such accounts.

ARTICLE IV

ASSIGNMENT

SECTION 4.01. Assignment and Transfer by State. (a) The Borrower expressly acknowledges that, other than the right, title and interest of the State under Section 3.06 and Section 5.04, all right, title and interest of the State in, to and under this Loan Agreement either has been or may, at the sole discretion of the State, be assigned to the Trustee as security for the State Bonds as provided in the Bond Indenture, and that if any Event of Default shall occur, the Trustee, pursuant to the Bond Indenture, shall be entitled to act hereunder in the place and stead of the State. The Borrower hereby acknowledges the requirements of the Bond Indenture applicable to the State Bonds and consents to such assignment and appointment. This Loan Agreement, including, without limitation, the right to receive payments required to be made by the Borrower hereunder and to compel or otherwise enforce observance and performance by the Borrower of its other duties, covenants, obligations and agreements hereunder, may be further transferred, assigned and reassigned in whole or in part to one or more assignees or subassignees by the Trustee at any time subsequent to its execution without the necessity of obtaining the consent of, but after giving prior written notice to, the Borrower.

The State shall retain the right to compel or otherwise enforce observance and performance by the Borrower of its duties, covenants, obligations and agreements under Section 3.06 and Section 5.04; provided, however, that in no event shall the State have the right to accelerate the principal payable pursuant to the Loan in connection with the enforcement of Section 3.06 or Section 5.04.

(b) The Borrower hereby approves and consents to any assignment or transfer of this Loan Agreement that the State deems to be necessary in connection with any refunding of the State Bonds or the issuance of additional bonds under the Bond Indenture or otherwise, in connection with any pooled loan program of the State.

SECTION 4.02. Assignment by Borrower.

(a) This Loan Agreement may not be assigned by the Borrower for any reason, unless the following conditions are satisfied:

(i) the State and the Trustee shall have approved such assignment in writing;

(ii) the assignee shall be a governmental unit within the meaning of Section 141(c) of the Code and the assignee shall have expressly assumed in writing the full and faithful observance and performance of the Borrower's duties, covenants, agreements and obligations under the Loan Agreement and the Contract;

(iii) immediately after such assignment, the assignee shall not be in default in the performance or observance of any duties, covenants, obligations or agreements of the Borrower under the Loan Agreement or the Contract;

PROMISSORY NOTE

ECONOMIC DEVELOPMENT DEPARTMENT
STATE OF OREGON

\$565,001

May 18, 1994
Canby, Oregon

For value received, the City of Canby (hereinafter "Borrower"), promises to pay to the Economic Development Department of the State of Oregon, having its principal office at 775 Summer Street N.E., Salem, Oregon 97310 (hereinafter "State"), or order, the principal sum of five hundred sixty-five thousand one dollars (\$565,001) plus interest from the date or dates specified in paragraph (b) below, on the unpaid balance at the initial interest rate of six percent (6%) per annum. Effective as of the date of any assignment of the Loan Agreement by the State to the Trustee pursuant to Article IV of the Loan Agreement for the purpose of reimbursing the SPWF from the proceeds of State Bonds for the costs of funding the Loan, the interest rate shall convert to the rate described in paragraph (f) below. Interest shall be computed on the basis of a 360-day year, consisting of twelve (12) thirty (30) day months.

Principal and Interest shall be payable as follows:

(a) The Borrower hereby promises to pay to the order of the State the principal amount specified on Exhibit C(5) attached to the Loan Agreement at the times and in the amounts specified on the repayment schedule on Exhibit D to the Loan Agreement.

(b) Other than interest on any draws made by the Borrower of any portion of the principal sum of this Promissory Note that are made pursuant to the terms of the attached Loan Agreement in advance of the Loan Closing Date specified on Exhibit C(1) to the Loan Agreement, all interest due hereunder shall begin to accrue as of such Loan Closing Date. Interest on any draws made by the Borrower of any portion of the principal sum of this Promissory Note in advance of the Loan Closing Date shall begin to accrue as of the date or dates on which such draws are made.

(c) In the event that the Borrower receives written notification from the State, the Issuer or the Trustee that payments made pursuant to this Loan Agreement have been assigned to the State under the Bond Indenture, all payments hereunder shall be made directly to the Trustee for the account of the State pursuant to such assignment.

(d) All payments required hereunder shall be paid by the Borrower no later than the first day of the month preceding the month shown on Exhibit D to the Loan Agreement during which such payment is due.

(e) Each payment made by the Borrower hereunder shall be applied first to interest then due and payable on the Loan, then to the principal of the Loan.

(f) Effective as of the date of any assignment of the Loan Agreement by the State to the Trustee pursuant to Article IV of the Loan Agreement for the purpose of reimbursing the SPWF from the proceeds of State Bonds for the costs of funding the Loan, the interest rate on the Loan shall convert to a rate, as calculated by the State, equal to the lowest rate (in one basis point increments) that will be sufficient to ensure that the annual amounts paid by the Borrower pursuant to this Promissory Note shall be no less than the Borrower's pro-rata portion of the maximum annual debt service on the Bonds.

If any default occurs in the payment of an installment, the entire remainder of the unpaid balance, including principal, interest and other charges, if any, shall, at the option of the State, become immediately due and payable. If this Note is placed in the hands of an attorney for collection, Borrower agrees to pay the reasonable collections costs incurred by the holder hereof, including such reasonable attorney fees for trial and appellate services as may be fixed by the court.

This note is not payable prior to its maturity except as provided for in Sections 3.07 and 3.08 of the Loan Agreement.

Presentment, demand, protest, and notice of dishonor, protest and nonpayment are waived by Borrower. This Note shall be binding upon the Borrower and its successors and assigns.
