Re: Liquor License Application / New Outlet / Pizza Schmizza Pub and Grub

I have reviewed the attached liquor license application completed by the applicant/manager, Travis McRobbie, for the business, "Pizza Schmizza Pub and Grub", soon to be located at 851 SW 1st Avenue, Canby, Oregon. The business location is currently in the process of being built, with an anticipated opening in Spring/Summer of 2017.

On October 20, 2016, I spoke with Mr. McRobbie and we discussed the expectations and responsibilities involving the sale of alcoholic beverages. McRobbie told me he is not familiar with the Oregon liquor laws, explaining this is his first business venture involving the sales of alcohol. Mr. McRobbie said his restaurant experience has been with the business Subway. He said he and his brother will be taking an OLCC training course and he and/or his brother will be responsible for training the employees regarding OLCC requirements.

Mr. McRobbie said he will ensure the employees are trained on the liquor laws and he understands the consequences for failure to comply with the rules as set forth by Oregon State law.

It is my recommendation that the Canby City Council approve this application to the Oregon Liquor Control Commission (OLCC).

MEMORANDUM

DATE: November 16, 2016
TO: CANBY CITY COUNCIL
FROM: RICK ROBINSON, CITY ADMINISTRATOR

RE: **RESOLUTION 1251 – A RESOLUTION DESIGNATING THE CITY OF CANBY AS DEVELOPER UNDER CANBY MUNICIPAL CODE CHAPTER 4.12.022 AND DIRECTING THE CITY ADMINISTRATOR TO PREPARE AN ADVANCE FINANCING APPLICATION**

Issue: Should the City of Canby prepare an Advance Financing Application to create an Advance Financing District for the proposed Mulino Sanitary Sewer Pumping Station. The Advance Financing District would be required in order to recover the the costs of construction of the eight inch gravity sewer on SE 13th Avenue from Sequoia Parkway to Mulino Road.

Summary: Curran-McLeod is preparing the plans and specifications for the Mulino Sanitary Sewer Pumping Station. The project will require at least one Advance Financing District to recover the costs for constructing the eight inch gravity sewer on SE 13th Avenue from Sequoia Parkway to Mulino Road. The line is required in order to serve the adjoining properties and will also provide the pipeline from surrounding residential area to connect to the pump station. This improvement is not eligible for SDC funding and is estimated to cost approximately \$200,000 of the \$825,000 total project cost. Curran-McLeod has indicated that pursuant to the requirements in the Canby Municipal Code, Chapter 4.12.22, the City Administrator must request that the Council designate the City as the developer of the Advance Finance District improvements, direct the City Administrator to prepare an Advance Financing application, and submit the application to the Public Works Department.

Attachments: Resolution 1251, Letter from Curran McLeod, Inc

Recommendation: Approve Resolution 1251 Designating the City of Canby as Developer under Canby Municipal Code Chapter 4.12.022 and directing the City Administrator to prepare an Advance Financing application.

**RE: CITY OF CANBY
MULINO SS PUMP STATION IMPROVEMENTS**

Dear Rick:

As you are aware, our office is preparing the plans and specifications for the Mulino Sanitary Sewer Pumping Station in anticipation of soliciting bids in the spring. One of the tasks identified in our work scope is preparation of required financing districts.

The project will require at least one Advance Financing District to recover the costs of constructing the 8" gravity sewer on SE 13th Avenue from Sequoia Parkway to Mulino Road. This line is required to serve the adjoining properties and will also provide the pipeline from surrounding residential area to connect to the pump station. This improvement is not eligible for SDC funding and is estimated to cost approximately \$200,000 of the \$825,000 total project cost.

A second AFD may be required at a later date if expenses are incurred for utility improvements that would only benefit the industrial property adjacent to the force main. At this time Canby Utility has indicated they would not require these improvements, so at this time it appears the second AFD is not required. If this changes, we will coordinate with you to create a second application.

In accordance with the requirements in CMC Chapter 4.12.22, your office needs to request the Council, by motion, to designate the City as the developer of the Advance Finance District improvements, direct you to prepare an advance financing application and to submit the application to the Public Works Department without fee. With that direction, our office will complete the application for your administration.

Let me know if you have questions. Thanks

Very truly yours,

CURRAN-McLEOD, INC.

Curt J. McLeod, P.E.

RESOLUTION 1251

A RESOLUTION DESIGNATING THE CITY OF CANBY AS DEVELOPER UNDER CANBY MUNICIPAL CODE CHAPTER 4.12.022 AND DIRECTING THE CITY ADMINISTRATOR TO PREPARE AN ADVANCE FINANCING APPLICATION.

WHEREAS, the Canby Municipal Code Chapter (CMC) 4.12 allows for advance financing of public improvements; and

WHEREAS, the Mulino Sanitary Sewer Pumping Station requires the construction of an 8 foot gravity sewer on SE 13th Avenue from Sequoia Parkway to Mulino Road; and

WHEREAS, the construction of an 8 inch gravity sewer on SE 13th Avenue from Sequoia Parkway to Mulino Road requires advance financing to recover the costs of construction; and

WHEREAS, the City of Canby wishes to provide advance financing for the orderly and timely new development of a necessary Mulino Sanitary Sewer Pumping Station.

NOW, THEREFORE, BE IT RESOLVED that the City of Canby hereby designates the City of Canby as developer under CMC 4.12.022 and directs the City Administrator to prepare an advance financing application in accordance with that Chapter for the aforementioned public improvements.

DATE: November 16, 2016
TO: CANBY CITY COUNCIL
FROM: RICK ROBINSON, CITY ADMINISTRATOR

RE: RESOLUTION 1252 - A RESOLUTION DECLARING LEFTOVER CITY OFFICE FURNISHINGS AND ITEMS AS SURPLUS PROPERTY AND INDICATING INTENT AND METHOD FOR DISPOSAL OF SUCH PROPERTY

Issue: Whether or not to Declare leftover City Office furnishings and Items as Surplus Property, and indicating an intent to dispose of the surplus property.

Summary: The City of Canby has several left-over, used office furnishings and items from the relocation of City Hall, the old Police Department, Finance Department, Development Services, and the Library which are no longer needed or used by the City.

City Administration has sent a notice to City Departments that the furnishings and other items are available for City Use. The City Council has the authority to declare the remaining property as surplus to the City, and to determine an appropriate method of disposing of the property. The City has received a request from a local non-profit organization to acquire some of the unused furniture for their operations.

If the items are declared surplus by the City Council and the Council authorizes its disposal, staff would first offer the surplus property to local non-profit organizations for their organization's use at no charge, and then offer the balance of the items to the public, through a silent auction, at a time to be determined.

Attachments: Resolution 1252

Recommendation: Declare property surplus and authorize the disposal of the surplus City property by first offering it to local non-profit organizations for their organization's use at no charge, and offering the balance of the items to the public, through a silent auction, at a time to be determined

WHEREAS, the City of Canby has several left-over, used office furnishings and items from the relocation of City Hall, the old Police Department, Finance Department, Development Services, and the Library which are no longer needed or used by the City; and

WHEREAS, the City of Canby wishes to declare these used furnishings and items as surplus property, so that they may be gifted to local non-profit organizations, sold at silent auction, or put to other uses that are in the best interest of the people of the City of Canby.

MEMORANDUM

RE: AMENDING CANBY MUNICIPAL CODE CHAPTER 5.16.030 AND 5.16.060 REGARDING LIQUOR LICENSE REVIEW

ISSUE:

The wording in Canby Municipal Code Chapter 5.16.060 requires that a business have a business license prior to the City Council approving their liquor license. Recently, we had a business that was not far enough along in the building process to get a business license. The Planning Director and I reviewed the current code language and have proposed language that would address the issue of a business that could be awaiting a Temporary Certificate of Occupancy and not have a business license yet. By updating the language, it would enable a business to move forward with the OLCC process if they have applied for a business license when waiting for issuance of an occupancy permit for new construction.

Current projects:

- e-DMV project – this will allow clerks to upload traffic violation court results directly into DMV records instead of mailing them. Project pending DMV readiness.

Court Programs Authorized by Judge Rod Grafe referred to in statistics:

1. Charges Filed vs. Cases Filed: Multiple charges can be filed on any one defendant from a single traffic stop or arrest. Charges filed reflects this number. Cases filed (also called docket numbers) refers to the identifying database number given to a single defendant's matter before the court.
2. Violations Bureau – Under the Judge's authority, court clerks can accept pleas on a traffic violation, offer a deferred sentence program (if qualified) and set a payment plan. For those charged with a crime a court appearance before the judge is mandatory. Fix it ticket activity will be included in this statistic.

- Distracted Driver Program (no prior cell phone citation convictions in the last five years)

Bi-Monthly Finance Department Report

To: Mayor Brian Hodson & City Council Members
From: Julie Blums, Finance Director
Through: Rick Robinson, City Administrator
Covering: September & October 2016
Compiled by: Suzan Duffy

In addition to providing services and responding to inquiries from both internal and external customers, and performing the tasks listed statistically on the last page, the Finance Department reports the following items of interest this period.

- A significant part of September and October was spent preparing and packing for the move and acclimating to the new building.
- Now that Administration and Finance are in the same building we have made a few changes to improve efficiencies. We are now routing all utility customer service calls to Finance staff which has allowed us to reduce the amount of time spent at the front desk while ensuring coverage.
- Another perk to being in one building is better cash handling procedures. We made updated cash management practices that will reduce the risk of cash losses and allow for a more streamlined process.
- Closing entries and asset depreciation calculations for the 2015-2016 fiscal year have been made and drafts of financial statements are underway in preparation for the financial audit and site visit in November.
- Two Urban Renewal budget resolutions were presented and adopted to support plans for redevelopment of downtown property, including one related to a Brownfields Grant. Finance staff will coordinate with Business Oregon to get reimbursement after expenses are paid.
- Transit tax forms for the third quarter were sent out in September and 52 accounts that remained non-filed from the second quarter were sent to collections in October. As time allows, we are also reviewing accounts with filings stating zero tax liability.

Bi-Monthly Finance Department Report (continued)

- Finance migrated to an updated US Bank platform for downloading utility payment data and uploading positive pay data. After many weeks of testing and coordination, the new process went live in October.

- Finance staff participated in the following meetings, trainings and events this period:

- Caselle User Group meeting
- Great Shakeout Drill
- Flu Shot Clinic
- Safety Meeting
- DAS Procurement Workshop
- Meetings with the Canby Fire Department
- Oregon Government Finance Officers Association Fall Conference

Library Operations:

- The Grand Opening Celebration was a huge success. We had over **1,800** people walk through our doors on opening day!
- Since we opened we have had a **79.4%** increase in reference transactions from July and August of this year.
- Since we opened we have had a **201%** increase in operational transactions from July and August of this year.
- Since we opened program attendance has been up by **145%** since August and September. (July was not included in the average as it was summer reading events).
- The increase in the number of walk-ins is **145%**.
- The library was closed to the public from September 18th through October 10th.
- The Annual Public Library Statistical report for fiscal year FY 15/16 was completed and submitted to the state.
- New library furnishings are arriving. The furniture for the public looks amazing and really compliments the areas they are in. Thanks to Amanda Zeiber!
- Library study rooms are being used consistently throughout the day. People can reserve the room in two hour increments. Policies and procedures are in place and so far, seem to be working.
- Peggy Wickwire is still patiently waiting for her desk to be assembled. A part has been missing and the replacement is taking longer than expected.
- Peggy Wickwire submitted the annual Ready to Read Grant report to the State Library.

RFID

- ☐ The RFID implementation committee has been meeting bi-weekly. Greg Williams from LINCC has been putting together costs. Our current budget approved by city council for RFID was based on preliminary estimates given before LINCC sent out the bid. The vendor has been selected and our current budget amount will not cover the required costs. We will be short \$8,900 which will have a major impact on our book budget which has already been impacted by the increase in the cost of e-books.

Current Budget Amount: RFID Workstation Shielded Pads - \$2,400.

The initial hardware and software for year 1 is now estimated to be **\$2,830**.

- Three are needed, one in processing, one in check-in and one in check-out.
Ongoing costs for software and maintenance year 2+ is estimated at \$260.31.

Current Budget Amount: RFID Tags - \$10,055.

Initial tags are now estimated to be **\$17,030**. After the joint LINCC RFID committee

evaluated the various tags available and the effectiveness with various types of materials, it was decided that all libraries must tag the individual DVDs not just the cases. In addition, tags are needed for new materials not just the materials on the shelf and a six month supply will be purchased for each library ordered in bulk through LINCC - **\$1,495**. Ongoing costs for tags each year are estimated to be about **\$2,990**.

Self-Checks: The previous estimate for the Self-Check Kiosks was about \$8,500 each. We had planned to get three. The cost of the three self-checks are now estimated at **\$27,727.02** – (\$2,227 more than estimated). In addition, the life span for self-checks is about 5 years until they need to be replaced. To replace them in 5 years it is recommended that we plan to put **\$7,432.22** in reserve each year.

LDAC:

- The Library District Advisory Committee met on October 24th. There is a new reporting form requested by LDAC. In the report they are asking: library district revenue, operational support from local city, deductions for allocated costs and the methods for which allocated costs are made, reserves fund for capital building expenses, staffing, open hours and the size of the library collection.
- Library directors are to submit their annual progress report to Clackamas County by November 10th. According to the IGA the Canby library does not meet service standards in staffing. We are at 8.06 and should be at 8.29 for our service population of 23,692 which states 0.35FTE/1,000 served. In accordance with Ann Reed from the State, on-calls, if they are used solely for substituting for meetings and vacations (which is the case for Canby,) are not to be included in the staffing number.

Technology Updates:

- Many thanks to George Yobst and Rob Lewis from LINCC for installing the 20 public Internet computers donated by Canby Telcom! George and Rob also installed 8 PACS (Public Access Computers) and 5 new staff WorkFlows computers.
- Many thanks to Valerie Kraxberger, Ryan and James Buschow for installing the new telephone lines. The library phone line should now rings at the Information Desk as well as in the back room although there have been a few issues that IT is working to resolve.

Collections:

- Thanks to the Friends of the Canby Public Library's generous donation, we were able to add over 2,500 items to our collection on Opening Day. We need to submit a supplemental budget to increase our materials budget to reflect the Friends donation to the collection.

Facilities:

- The library would like to thank the Public Works Department for all their help in getting the library ready for the grand-opening and beyond, from moving shelving, assembling chairs, coatracks, the doorbell, and so much more. Special recognition to Shane Hester and Jerry Nelson for always accommodating us and getting the work done so quickly. Thanks Jerry and Shane!

Marketing/Outreach:

- The library will be take part in the Canby Kiwanis Club Community Food and Toy Drive. The bins will be available at the library until December 13th.
- The Aurora Colony Historical Society has contacted us about the library having their portable display on the history of Auroa in the lobby which was also displayed at the

state capitol. The traveling display, pending approval, may be in the lobby February 2017.

- We would like to thank Lisa Nead, a library staff member, for taking photos of the grand opening. The pictures are spectacular!

Training:

- Library Staff attend a LINCC wide training at Clackamas Community College on October 10th. There were four sessions: Understanding and Exploring Mental Models with Cheryl Gould, a learning facilitator and training consultant specializing in libraries; Building Resiliency with Jeri Oswalt, the Learning and Development Manager for Clackamas County; Library Security with Kim Yamashita Chief of Police in Sandy; Readers' Advisory with Lisa White, Loral Winter and Kiira Taylor, Sing, Sign and Storytime with Dawn Prochovnic, Digital Preservation with Brian Johnson and a special session for Directors and Supervisors. The Keynote speaker was Cheryl Gould who spoke about "What Might We Do if Our Mental Model Changes". Staff came away with a lot of information and ideas. Directors will be following up with their staff on the training and working on applying what they learned in their libraries.
- New Library Training was presented to staff. Training included "where's what" in the new library, duties of the reference and accounts desk, and the implementation and use of model reference behaviors.

Friends of the Library:

- The Friends made \$437.25 from books sales in the Book Garden in September and \$716.75 in October.

Library Foundation:

- The Foundation had the first Homegrown Canby Film Fest on October 19th at the Canby Movie Theater to raise funds for the library. The Canby Movie Theatre donated the space for the fundraiser. The film fest was 80-90-minute long consisting of a mix of short films, documentaries and music videos. The theatre held 83 seats and there weren't many empty spots.

Volunteers:

- Volunteer for the month for September was Martha Vaught. Martha shelves on Mondays, and she has proven to be a truly reliable and positive member of the volunteer team. We are very happy to have her help.
- We didn't choose a volunteer for October due to the closure and the grand opening.

MEMORANDUM

TO: *Honorable Mayor Hodson and City Council*
FROM: *Jamie Stickel, Main Street Manager*
THROUGH: *Rick Robinson, City Administrator*

RE: *CITY COUNCIL BI-MONTHLY REPORT*

Main Street Updates

The following projects are funded through Urban Renewal.

Promotion

- **Downtown Canby Spooktacular Village** – On Monday, October 31st, Canby Main Street hosted the successful Downtown Canby Spooktacular Village. Children trick or treat at participating businesses, joined in on the Children's Halloween parade, and participated in addition activities at Parson's Canby Pharmacy or the Canby Public Library! This beloved tradition has continued to grow over the years to include Trunk-or-Treating with Hotrod Dreamworks.

- **Canby's Big Night Out Street Dance** – The debrief meeting for Canby's Big Night Out was held on Wednesday, September 21st. The coordinating committee came together to discuss the 2nd annual Big Night Out and to begin making plans for the 2017 year. The Big Night Out was held on Friday, August 26th in downtown Canby on N Grant and NW 2nd Avenue. This family-friendly event features live music, children's activities, and food and beverage vendors. It is the kickoff event for Canby's Big Weekend, which features the Big Night Out Street Dance on Friday night, and also showcases the Cutsforth Cruise In, Dahlia Run, Dahlia Festival, and many more events.

Organization

- **Historic Review Board Local Register Nomination** – The City of Canby's Historic Review Board chairperson submitted an application for the former city hall to the Local Register of Historic Resources. The application was submitted on behalf of the City of Canby and will help to maintain the exterior charm and historic integrity of the City Hall, while allowing for redevelopment of the interior. City Hall was constructed in 1937 as part of a Public Works Administration project, and its exterior is telling of the building completed at that time. The Historic Review Board will review the application at its November meeting, and upon their recommendation it will be sent to the Planning Commission meeting. At the Planning Commission meeting, they will discuss whether to move forward with a Historic Overlay Zone. If that is approved, it will finally be presented at the council meeting who can adopt it onto the local register. Currently the City of Canby's Local Register has three other properties listed: W.H. Bair House at 375 NW 3rd Avenue, William O. Mack House at 139 SW 2nd Avenue, and the 1st Methodist Episcopal Church at 486 NW 3rd Avenue.
- **Baker Prairie Cemetery Training** – On Tuesday, October 4th, the City of Canby's Historic Review Board participated in a training for headstone cleaning in Baker Prairie Cemetery. The City of Canby was awarded a grant for the Oregon Commission on Historic Cemeteries which funded cleaning of 26 headstones, cleaning, and training for volunteers. Volunteers from the Canby Area Chamber of Commerce, Canby Historic Society, Canby Historic Review Board, descendants of the original Lee Family, and a City Councilwoman participated in the cleaning. The training will give local groups the tools for ongoing maintenance, so that Canby can preserve Baker Prairie Cemetery for years to come.
- **Oregon Main Street Meeting** – On September 15th and 16th, the Oregon Main Street program held its quarterly meeting in Astoria, OR. The meeting explored various aspects of historic preservation and how they directly relate to Main Street. The City of Astoria has a very active Main Street and has been able to integrate their historic commercial buildings into a quaint downtown core with a variety of businesses. Topics included: exploring adaptive reuse, project planning, documenting existing conditions, building codes, and more.

Design

- **Canby Blade Sign Program** - The City of Canby received a blade sign application from Paul and Theresa Graham, owners of the Graham Building located at 181 N Grant Street. The Graham Building hosts an array of businesses and has up to 20 business suites. The Graham's have worked with a designer to create a sleek, professional solution to hanging blade signs from the building. The property owners intend to work with their business to have signs made, and are looking to use a local artisan to create the hardware.

PLANNING & DEVELOPMENT SERVICES

SEPTEMBER - OCTOBER BI-MONTHLY REPORT

TO: *Honorable Mayor Hodson and City Council*
FROM: *Bryan Brown, Planning Director*
DATE: *November 7, 2016*
THROUGH: *Rick Robinson, City Administrator*

The following report provides a summary of the Planning and Development Services activities for the months of September and October, 2016. Please feel free to call departmental staff if you have questions or desire additional information about any of the listed projects or activities. This report includes planning activities, a listing of land use applications and development site plan review coordination projects for building permits.

Planning Activities

- 1. Park & Recreation Maintenance Funding Survey.** The Park and Recreation Advisory Board has approved the content of the Park and Recreation Maintenance Funding Survey. This survey is a follow up to the original survey sent out in April and will be mailed to the same randomly selected residents as the original survey. Links to an online version of the survey will be posted on the City's website and Facebook page, Canby Now, and in the Canby Herald. A hardcopy version will be available at the Planning Department located in the new Civic Building. The survey will be available until February 28th. Results of the survey will be posted on the City's website, and in the Canby Herald. Upon reviewing the results of the maintenance survey, the Board will develop substantive recommendations to the Council regarding the provision and maintenance of key parks and recreation services.
- 2. Quiet Zone.** Staff is working with ODOT to finalize the cost and timeline for reconstructing the intersection of N. Elm and OR 99E in order to accommodate the turning radius required by large truck trailers. Upon finalizing the project costs and timeline Staff will work with the Governor's Regional Solutions Team representative to submit the project for funding via the Immediate Opportunity Fund program. When the improvements are completed, Staff shall move forward with the Quiet Zone application.
- 3. Buildable Land Needs Study.** The study will provide needed clarification as to what lands of each zone type are available to meet both housing and business needs to drive future economic opportunities and growth. The study will provide Canby with a factual basis to support planning efforts to address unmet housing needs. A Study is intended to comply with Statewide Planning Goal 10, which requires the City to plan for housing that meets identified needs within the urban growth boundary at particular price ranges and rent levels. A complete draft of the Buildable Lands Study is expected to be presented at a joint work session for the City Council and Planning Commission this winter.
- 4. South Ivy Street 2016-2018 STIP Enhance Project.** Design work by the County has continued. Construction planned for 2018. The project will construct sidewalks, a bike lane, and curbing on S Ivy Street from 99E south to Lee Elementary School. It includes installation of a traffic signal at the 3-leg intersection at Township Road and Ivy and will improve storm drainage in the area.

- 5. Molalla Forest Road Master Plan Update.** The City of Canby and Clackamas County are interested in finding sources of grant money to assist in funding the planning and design of this possible future recreational pathway for bikes and pedestrians which would reconnect the City of Canby to the City of Molalla, and eventually connect to the Molalla River Recreation Corridor. This section of the Molalla River has been newly designated an Oregon Scenic Waterway. The completed path would add approximately 8 miles of multiuse path to the 3+ miles currently within Canby's UGB. The State Parks Local Government Grant Program has been determined to be the best fit for updating the master plan, and the Recreational Trails Grant Program will be the best fit for construction funds. Staff is working to seek out partnerships to utilize in seeking grant funds from the above sources. If grant funds are obtained, the master plan would take about 9 months to complete. Following the adoption of the master plan the City and County partner would begin submitting grants for the first phase of the acquisition/construction of the pathway. The planning grant application shall be submitted in May.
- 6. Dog Park.** The city's park planner was given a thumbs up from the City Administrator to move forward with putting the final design touches on the plan for the dog park, iron out the volunteer maintenance plan arrangement for caring for the dog park, and who will be building the facility.

Canby Swim Center Report

From: Eric Laitinen, Aquatic Program Manager

Date: November 7, 2016

Re: Bi-monthly Report

The Canby Swim Center is getting a great start to the school year. In September we had our annual maintenance closure. During the closure David and Nathan spend a lot of time cleaning and painting as well as the usual mechanical checks. This year David had the roof re-coated and he painted the pool tank. David Biskar, Nathan Templeman, Casey O'Brien and some other staff worked very hard to get the pool open on schedule.

Fall has been busy with swimming lessons of all ages and every time of day. We have public lessons for children twice a day. Adult lessons are also offered in evening Tuesday and Thursday nights. Nathan has been doing a great job teaching the adult lessons, as well as, the Masters swimmers.

Attendance is down a little this year, about 1,400 swims. This was because we were closed an extra week for maintenance in September and we have not had any school lessons yet this year. Other than those changes the attendance numbers are actually very good. Revenue numbers are good so far this year as we are up \$3,100 this year even with the pool closure.

The Canby Gators are already swimming and the Canby High School swim team starting soon. The Gators had a meet in Hood River and will be swimming in Portland over this coming weekend. The Gators will also be hosting their IMX Challenge Meet in November and the Canby Animal Meet in December. Canby High School Swimming will be hosting home dual meets on five Thursdays in December and January. The CHS swimming season goes through February.

Remember we often have Special Public Swims when school is on break. We have one on Veterans Day 1-3pm and then again all of Thanksgiving week except for Thanksgiving day. We will also have special hours during the winter break in December.

The Pool Levy is being voted on right now, so by the time you read this we should know if it passed or not. Current funding goes through June of 2017. If the levy passes then the funding would continue for 5 years through June of 2022.

Fleet Service Highlights

Fleet Service working with other City Departments kept the City's vehicles and equipment on the road performing their duties.

Parks Maintenance

By Jeff Snyder, Parks Maintenance Lead Worker
September – October 2016

Park Renovations

Oregon Machine Works, INC. custom designed steel poles for the Wait Park gazebo. Parks staff removed the old wooden poles and placed new the steel poles, OMW did the welding and lagging. Weather permitting we will have the posts painted before the holiday season.

Boy Scout troop 258 cleaned up 8 yards of debris around the A-frame and developed a gravel walking path at Community Park on October the 22nd.

Dave Rankin from the LDS Church and Just-Serve cut back 3' on the edges of the wetlands trail and raked leaves and debris out of the turf areas at Community Park. 240 volunteer hours were donated to the City of Canby on October the 8th as a result of this project.

Don Wood has been spearheading the installation of No Fee Life Vest Kiosks at Community Park. The Kiosk vest stations are under construction now. For more information about the kiosk projects go to www.apwsf.com

Park Maintenance

The mowing of the parks turf areas had subsided by the end of September. Weed spraying and turf edging/string trimming has also been in decline as we approached the end of the growing season. Building maintenance issues and playground inspections/repairs have been addressed. Parking lot lines were touched up where needed and the basketball court lines at S. Locust Park were also repainted. Cyclone fencing was repaired at Maple Park, Arneson Gardens and on the forest Rd. walking path. Irrigation systems were repaired and also adjusted to the cooling weather. All the irrigation systems were eventually turned off by the end of October. The demand for the constant cleaning of the park systems has diminished as the cooler weather has lessened the regularity of park patrons. Staffs focus has started to change towards more shrub trimming, shrub bed cleaning and tree trimming. Staff overhauled the department's mower trailers. Leaf and storm debris removal was in full swing by the end of October. The Parks Department spent 20 hours addressing graffiti and vandalism the last two months. Regular maintenance was **not** performed at the 33 areas the Parks Department is responsible for, the Adult Center, Arneson Gardens Horticultural Park, Baker Prairie Cemetery, City Hall, Community Park (River), CPIP sign, Disc Golf Park, Eco Park natural area, Faist V property, Holly & Territorial welcome sign property, Hulbert's welcome sign property, Klohe Fountain, South Locust Street Park, Logging Road Trail and Fish Eddy/Log Boom property, Maple Street Park, Nineteenth Loop Natural area, Northwood Estates Park, Police Department landscaping, Simnitt Property, Skate Park, Shop Ground, Swim Center, Legacy Park, Territorial Estates Future CLC Park, Finance Building, Transit Bus Stop, Triangle Park, Vietnam Era Veterans Memorial, Wait Park & Willow Creek Wetlands, Knights Bridge right of way and WWTP property.

City of Canby Bi-Monthly Report

Department: Transit

For: the months of September & October, 2016

Date: November 7, 2016

Prepared by: Julie Wehling

Through: Rick Robinson, City Administrator

1) Funding and Contracts:

- a) Monthly Elderly and Disabled transportation reports were submitted to TriMet.
- b) We have not announced the vendor selection for the Request for Quote that went out in August for the purchase and installation of onboard camera systems for the CAT fleet. Five vendors submitted quotes before the due date. There have been contract delays with ODOT and TriMet grant contracts (expected on July 1, 2016). The contract for the funds to cover this project has not yet arrived. We expect the grant contract any time.
- c) On October 31st we received grant contract 31562 from ODOT which is for \$89,148 to add mid-day service to Wilsonville no later than FY 18-19. The executed contract was received on November 7th.
- d) On October 31st we received grant contract 31468 which is for \$125,622 to purchase a vehicle replacement no later than June 30, 2018. The executed contract was received on November 7th.

2) Ridership:

Year to date for total ridership was down by 12.29 percent as compared to the previous fiscal year. During this report period CAT provided:

- a) 6,648 rides in September (8.64% fewer than September of 2015).
 - 1,240 demand responsive rides (Shopping Shuttle & Dial-A-Ride). This is 5.98% fewer than were provided during September of 2015.
 - 3,844 to Oregon City (14.08% fewer rides than September of 2015).
 - 1,564 to Woodburn (5.39% more rides than September of 2015)
- b) 6,560 rides in October (18.14% fewer rides than October of 2015).
 - 1,290 demand responsive rides (Shopping Shuttle & Dial-A-Ride). This is 0.55% fewer rides than were provided during October of 2015.
 - 3,895 to Oregon City (21.07% fewer rides than October of 2015).
 - 1,375 to Woodburn (17.61% fewer rides than October of 2015).

The reasons for the decrease in ridership remains challenging to identify. During this period the rides on the Shopping Shuttle and same-day rides are up although the overall ridership has continues to slip. As noted in earlier reports the factors include: service schedule adjustments, the Route 99 name change, TriMet's changes associated with the

new Orange Line MAX, and the closure of two supported employment sites in Oregon City. Other transportation providers across the state are also experiencing ridership dips and point to lower gas prices.

Updates:

- a) The Rider of the Month for September was Jeff McCall. The October rider of the month was Arlene Angel. Both riders got a free bus pass and other goodies.
- b) In September and October we provided 298 same day rides on a space available basis.
- c) Updated security cameras were installed at the Canby Transit Center to replace outdated cameras and DVR equipment that had stopped working.
- d) Transit and MV staff answered many questions, provided documentation, reports, data queries and other background information to Jarrett Walker + Associates for their research in analyzing existing conditions, preparing a “choices report” and preparing for a staff service design meeting in November.
- e) The pending bus yard property purchase is still on track to be finalized. As of the date of this report, the Plat has been recorded by the county.

4) Collisions and Incidents
