Reports of Officers

Chief of Police Hudson submitted his usual detailed report, which was read by the Recorder and placed on file.

The Recorder reported eight cases in court during the month with fines aggregating \$ 82.50-costs \$ 20.00.

For the year 1950-258 cases with fines of \$ 2785.50-Costs \$ 675.00.

Fire Chief Yoder reported one fire call in city and one rural with small losses.

He also reported 18 alarms answered in the city during the year past, with loss of \$ 122.75.

Rural district-alarms answered 25 , with property loss of \$ 6140.00.

Chief Yoder also recommended purchase of 1m feet of 2½" hose.

In connection with this it was moved by Girod, seconded by Anderson and carried, that the purchase of 500 feet of 2½ inch hose be approved at this time.

In Supt. Raines' oral report, he recommended the purchase of five 25's transformers at this time, as it might be difficult to find them on the market later. The matter was left to Councilman Girod to act.

Raines also called the attention of the Council to the fact that the City needed another supply of water and that we might have trouble next summer, if a dry season should prevail.

He also recommended that Don Stajgr be placed on a flat wage of \$ 250. per month and Lawrence Graham and Carl Rhodes be raised to 1.25 per hour.

It was then moved by Anderson, seconded and carried that Stajgr be paid as above and that Graham and Rhodes be advanced to 1.10 per hour.

Raines then suggested that his own salary should be increased and it appearing that Mrs. Decker and Chief Hudson had similar ideas as to their own stipend, a committee composed of Anderson, Hill and Girod was appointed to investigate salaries and wages and make recommendations.

Mayor Irwin also instructed the Recorder to write the office of the League of Oregon Cities for information as to salaries paid by other cities of comparable size for positions like that of Supt. Raines.

Chief Hudson then reported having contacted quite a few property owners in the matter of outside toilets and that most of them had complied with the terms of the ordinance recently passed.

Mayor Irwin then stated that the old Building Code ordinance passed many years ago, apparently did not meet the conditions now prevailing and that he would appoint a committee for the purpose of working up one that would be more appropriate at this time.

Messrs. Anderson, Kraft and Hill were then appointed as this committee. No other business appearing, the meeting adjourned.

Approved:

Mayor.
