Reports of officers

Chief of Police Hudson submitted his usual report for the preceding month, showing arrests made, assistance given to state police, the sheriff's office, aid to motorists and various other minor matters.

The Recorder reported 14 cases in his Court in February resulting in fines assessed amounting to \$ 262.50-Costs \$ 55.00.

Mayor Irwin then stated that the Quonset hut was badly in need of painting and on motion, seconded and carried this was ordered done.

Miscellaneous

The application of Earl Oliver for permission to open a forty foot street on his new addition, formerly the Hampton property was unfavorably received by the Council.

Relative to the installation of a new traffic light at 99E and Molalla Avenue, it was moved by Girod, seconded by Hill and carried, that the Recorder be instructed to inform the Highway Commission that it was the desire of the Council that the light be installed as soon as possible, with the understanding that the cost would be met in accordance with their rules and regulations.

In the Sather estate matter, the Recorder was asked to secure photostatic copies of entire report of the Executor, showing disposition of the personal property of the deceased.

The garbage collecting problem then came up, an application having been received from John Bloom and Son, who operate in Oregon City and Molalla. This concern offered to pay the city \$ 50.00 a year for the concession. No action was taken, as it was thought best to first come to an understanding with Torgeson and McNamee.

The request of John Koehler that an exemption from taking out and paying for a permit be allowed in connection with the erection of a building for the Evangelical church was turned down, as it was thought a bad precedent would be established.

It appearing that complaints were still coming in as to conditions surrounding the Meek's Poultry Farm, Councilman Kraft agreed to work with Chief Hudson and try and do something about it.
