Reports of Officers

Report of the Chief of Police showing activities for the preceding month was read by the Recorder.

The Recorder reported 30 cases before his court in May, resulting in fines aggregating \$ 300.00-Costs \$ 75.00.

Supt. Raines reported on future road work mapped out-on Amrine Road, east end of Wait Avenue and grading and gravel on various other streets. He stated that Parmenter had a mixture of gravel and sand for a first base for .90c per yard, which he expected to use.

He also stated that the Oregon Turkey Growers wanted a water pipe from Ivy St. to their property and would stand the expense.

It was then moved by Kraft, seconded by Anderson and carried, that 6 inch pipe be laid and hydrants be installed for the Oregon Turkey Growers and Buchanan-Cellers, the City to lay the pipe and furnish the two hydrants, the above firms to pay for pipe and connections and expense of opening and closing ditch.

The matter of better street lighting was then discussed and Councilman Eversole suggested that the Council members attend a demonstration of various lights to be put on by the P.G.E. in Portland on June 20.

Councilman Rupp reporting on Cemetery matters, then recommended the following rates to be charged in the future:

Opening graves for adults	\$ 20.00
" " " babies	10.00
Charges for 5 graves lot	150.00
" " 4 graves	125.00
" " 3 "	95.00
" " 2 "	65.00
" " single grave	35.00
" " " baby grave	10.00

It was then moved by Eversole, seconded by Beck and carried, that the above rates be adopted and to go into effect at once.

It was also moved by Beck, seconded by Kraft and carried, that in the future, metal or concrete boxes be used instead of wooden boxes.

In connection with the operation of the Cemetery, it was found that many of the old rules could not be applied and that a revision was necessary, although no particular action was taken at this time.
