Reports.

Mr. Lent reported that the rumor that the city water was bad was absolutely unfounded and that recent tests had been satisfactory.

That the new meter to be installed by the Molalla Electric Co. had not yet arrived, and that Mr. Kurtichanoff had advised that he wished to be present when it was installed.

Also that the Molalla Electric Co. had nearly completed building its lines around the City. Mr. Lent also advised the purchase of an ammeter and volt meter, and on motion of Graham, seconded by Bates and carried it was voted to purchase same.

Mr. Larson reported having made a general inspection of the City for fire hazards, with the result that much cleaning up had been done. Some dangerous conditions left however, which should be cared for. He also bro't up the matter of organizing a volunteer fire department, and asked the opinion of the Council. Mayor Dedman stated that he thought it would be an excellent move. Others of the same opinion.

Whereupon, Mr. Wait reported having received necessary deeds to Lots 7 and 8 -Block 1 taken over by the city, at a cost of \$ 50.00 which was ordered paid to J.D.Morris.

Mr. Lent asked for two weeks vacation to commence August 12, which was allowed, the City to pay substitute as formerly.

Adjourned,

Approved-Sept. 8-1931
