

August 5-continued.

Whereupon a letter from the Portland Electric Power Co. to Mr. Stefani was read by the Recorder, with reference to his rates as charged by Canby and comparing them to the present rates of the above named Company. It appeared that some unknown person had attempted to prove to Mr. Stefani that he was being charged much in excess of P.E.P. rates. The letter from the Company, however repudiated these figures, and stated that they knew of no one connected with the Company who could have furnished Mr. Stefani with the figures as shown.

Upon analysis it was shown that his bill was only slightly more than it would have been under P.E.P rates.

Whereupon the Council discussed the matter of making a change in the commercial rate for Canby, but no action was taken other than leaving it to the Committee in charge.

Whereupon City Attorney Wait called the attention of the Council to the frequent violations of the traffic Ordinance and the liability of the City in case of accidents.

The matter was left to the Street Committee.

There being no other business, on motion, seconded and carried, the Council adjourned.

Sept. 3, 1929

The City Council met in regular session on Tuesday, Sept. 3, 1929, the previous Monday being a holiday.

On roll call there were present: City Attorney Wait, Chief of Police Lent, Recorder H.B. Evans and Councilmen Bates, Graham, Patch, Pfister, Thompson and Zimmerman. Absent-Mayor Dedman, and Councilmen Koehler and White.

In the absence of the Mayor, Mr. Graham presided as President of the Council.

The minutes of the previous meeting were read and approved.

Whereupon a communication from the Southern Pacific Co. was read by the Recorder with reference to an agreement of Sept. 1, 1916 covering water pipe line and crossing. The Company stated that under a new policy in connection with agreements of this nature, instead of rendering bills annually, a flat consideration would be assessed and collected in advance.

Also that in the case of this City, the rentals heretofore paid have satisfied the consideration and therefore no more bills would be rendered.

Whereupon the matter of disposing of the old water trough came up, and Mr. Lent was instructed to sell same at the best price possible.

Mr. Lent also reported having rented an extra transformer on account of the County Fair, the cost of same being paid by the Fair Association.

The matter of a reduction in commercial power rates again coming up, it was suggested that Messrs. Lent and Eid meet with the Committee and bring things to a head.

Mr. Zimmerman, Chairman of the Street Committee reported that several streets were in need of improvement and that weeds, paper in gutters, etc. were unsightly. Com. ordered to clean up.
