Reports

The Street Committee reported having improved the Knight's Bridge road and approach, also various roofs put in better shape.

Mayor Bair reported that the tax rebate would soon be forthcoming, and that the County Court suggested that some of the money should be used to improve the shoulder of the Good's Bridge road.

The Mayor suggested that more money be spent on the " Gribble " road leading to Knight's Bridge, and on motion of White, seconded by Garrett and carried, it was voted to expend not to exceed \$ 75.00 for further improvement.

The City Treasurer read his reports of the various funds for the quarter ending June 30-1928, and the Finance Committee reporting that they had audited both the reports ending March 31 and the one of June 30, the Recorder was instructed spread them on the records. ( Reports follow).

Whereupon, Mr. Strickland of the Molalla Electric Company, being present, was asked to speak and in his remarks, suggested that possibly the sentiment of the people in regard to selling the Electric Light and Water Plants had changed, and desired the opinion of the members of the Council on the matter.

After some discussion it was moved, seconded and carried, that the Council and citizens meet with representatives of the P.E.P. Co. on July 9 and listen to any proposition they desired to make . ( Afterwards postponed).

Whereupon Mr. Lent bro't up the matter of an emergency return pipe from the Southern Pacific tank, stating that it had been the understanding that such a connection would be installed.

The Recorder was instructed to correspond with the S.P.Co. in regard to the matter.
