

September 13, 1967

The City Council and the Planning Commission met in a combined session with the following in attendance: Mayor Housen, Councilmen Stevens, Braman, Dintamen, Tatone and Dresen; Commissioners Hulbert, Cutsforth, Newton and Zieg; City Superintendent Cox, City Recorder Richardson and the secretary.

Items jointly discussed were as follows:

McCurty subdivision proposal. A preliminary plot was presented for Planning Commission approval. After discussion, motion was made by Newton, seconded by Cutsforth, that further consideration of the plot be postponed until the regular meeting of the planning commission, that Mr. McCurty's presence be requested and that he make available to the Commission any information he has that leads him to believe he can get access to the logging road.

Street naming ordinance. Myra Weston and John Nieland of the special committee to prepare Ordinance 504 naming and designating titles of streets within Canby explained the proposed ordinance to the council and commission. A petition was presented by John Tatone on behalf of the residents along Memorial Drive requesting that title be retained rather than a change to 80e Avenue, and it appeared a compromise to Memorial Avenue could be made. After discussion, chairman Hulbert suggested and Mayor Housen agreed the Commission would consider the ordinance ~~and~~ at more length at its next meeting and make its recommendation to the Council.

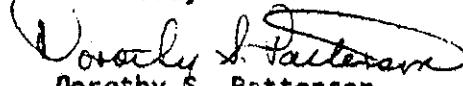

Discussion was had on the drainage of North Anita Street in Inspiration Park not in compliance with ~~xxxxxxx~~ city requirements. Suggestions were requiring a bond of the developer, that a definite course of action should be available, and that the ordinance committee might find the solution.

Canby's 75th Anniversary was discussed. Mr. Nieland mentioned that Canby was actually platted and named in 1871 and perhaps a ~~100~~ Centennial celebration would be in order.

Also discussed by the Council and Commission were change of ownership of a pre-existing use requiring reversion of use according to zoning map; church services in a private home; extension of North Knott Street through Gagliardi property; tree trimming policy and ordinance, and extension of Milk Creek water right application; with no affirmative action being taken.

There being no further business to come before the meeting, ~~the~~ Chairman Hulbert adjourned the meeting at 12:13 P.M.

Submitted,

Dorothy S. Patterson
Secretary to Commission
