

THE RESOLUTION AWARDING A CONTRACT FOR THE PURCHASE OF DATA PROCESSING HARDWARE AND SOFTWARE.

WHEREAS, the Common Council of the City of Troutdale has been authorized by ORS 279.055 and Troutdale City Ordinance No. 220 to act as the local contract review board, and

WHEREAS, the City of Troutdale has invited bids for the sale and purchase of data processing hardware and sofeware, and

WHEREAS, the Board has made the following findings regarding certain bidders and based upon the findings, the following bidders have been disqualified:

1. Disqualification of Byte Shop in accordance with ORS 279.037 subsection (c): "the person does not have key personnel available of sufficient experience to perform the contract." This vendor would be subcontracting the software to a firm that is unproven in the municipal field.

2. Disqualification of Damas, Inc., in accordance with ORS 279.037 subsection (c): "the person does not have key personnel available of sufficient experience to perform the contract", since they lack a proven record in the municipal area. Further, both Damas, Inc., and the hardware company proposed (Century) are new and do not have up-and-running installations in our area.

WHEREAS, the Board finds that the lowest responsible bidder is Wang Laboratories, Inc.

NOW, THEREFORE, BE IT RESOLVED BY THE COMMON COUNCIL OF THE CITY OF TROUTDALE ACTING IN ITS CAPACITY AS THE LOCAL CONTRACT REVIEW BOARD,

That, the contract for the purchase of data processing hardware and software as set forth in Exhibit "A", attached hereto and made as part hereof by this reference, be awarded by the Mayor to Wang Laboratories, Inc. in the amount of \$ 40,908, or lesser amount, subject to recommendation by the Finance Director pending further negotiations.

ADOPTED by the Common Council of the City of Troutdale, acting in its capacity as the Local Contract Review Board on this 11 day of April, 1978.

Dear Mr. Jean:

Thank you for your interest in WANG Laboratories. After considering your present method of operations and speaking with you concerning your data processing needs, we are pleased to recommend a Wang Computer System. This system is Wang's newest entry into the computer market. At its heart is the Wang System 2200, over 10,000 of which have been installed.

Our recommendation is based upon your current requirements and provides you with:

A capable, compact, and easy to run full computer system.

A system that can easily be expanded should your volumes grow.

An efficient system requiring minimal data entry and automatic updating of all applicable files.

We hope that the information contained herein is sufficient for your decision-making requirements. We will certainly make every effort to provide you and your associates with any further assistance necessary to fully understand Wang Laboratories and our products. We look forward to this opportunity.

Very truly yours,

Terry Fleming
Sales Representative
