

RESOLUTION NO. 1168

**A RESOLUTION RECOGNIZING THE COMPLETION OF THE
ULTRA VIOLET LIGHT DISINFECTION SYSTEM AT THE
SEWAGE TREATMENT PLANT AND ACCEPTING IT INTO
THE CITY'S FIXED ASSET SYSTEM.**

WHEREAS, it was found that the construction of these public facilities was necessary to meet the demands of public health, safety and welfare; and

WHEREAS, the City of Troutdale entered into a construction agreement with Triad Mechanical, Inc. to accomplish these improvements; and

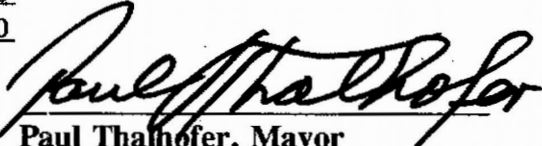

WHEREAS, the construction project has now been completed and is now in full operation; and

WHEREAS, the City and its consulting engineer, CH2M Hill, have inspected the project and found it in compliance with the plans and specifications.

**NOW THEREFORE BE IT RESOLVED BY THE COUNCIL OF THE CITY
OF TROUTDALE**

The UV system project consisting of replacing the existing chlorine gas disinfection system with a UV light disinfection system, installation of a sodium hypochlorite system for return sludge chlorination, new structural modifications to the chlorine contact basin, a new pre-fabricated sodium hypochlorite building, general on-site piping/re-piping, electrical and instrumentation control and other appurtenances necessary to complete the work are accepted into the City's fixed asset system.
