## **YEAR TWELVE ANNUAL WASTE REDUCTION PLAN**

**FISCAL YEAR 2001/2002**

The Year Twelve Waste Reduction Plan will serve as a work plan for the 2001/2002 fiscal year. Troutdale will actively work to meet individual local government goals and cooperatively assist Metro, other local governments, and Troutdale's local franchised hauler, Waste Management, throughout the year to meet regional goals and comply with state law.

**CITY OF TROUTDALE  
YEAR TWELVE  
WASTE REDUCTION PLAN - FISCAL YEAR 2001-02**

As in past years, the funding assistance provided to local jurisdictions for the maintenance of existing programs is allocated on a per-capita basis. Each jurisdiction receives an allocation based upon its percent of the region's total population.

The FY 2001-02 allocation for the City of Troutdale equals \$5,968. This represents 18.2% of the overall City solid waste and recycling budget.

The Program Plan Table is divided into two sections: Planning and Reporting. The planning section lists program areas under the header marked "Tasks" which are to be completed in detail by The City of Troutdale Solid Waste and Recycling Department. All outreach, education, collection and other existing program efforts are to be listed under each task area with an associated implementation date noted under the heading "Planned Date." The section header "R/WP/B" identifies whether this particular program or activity is primarily recycling (R), waste prevention (WP) or both (B). This notation is to assist Metro in the collection of data for reporting to the Department of Environmental Quality on the region's waste prevention activities.
