## YEAR THIRTEEN ANNUAL WASTE REDUCTION PLAN

**FISCAL YEAR 2002/2003**

The Year Thirteen Waste Reduction Plan will serve as a work plan for the 2002/2003 fiscal year. Troutdale will actively work to meet individual local government goals and cooperatively assist Metro, other local governments, and Troutdale's local franchised hauler, Waste Management, throughout the year to meet regional goals and comply with state law.

**CITY OF TROUTDALE  
YEAR THIRTEEN  
WASTE REDUCTION PLAN - FISCAL YEAR 2002-03**

As in past years, the funding assistance provided to local jurisdictions for the maintenance of existing programs is allocated on a per-capita basis. Each jurisdiction receives an allocation based upon its percent of the region's total population.

The FY 2002-03 allocation for the City of Troutdale equals \$5,960. This represents 14.9% of the overall City solid waste and recycling budget.

The City of Troutdale provides waste reduction oversight, education, and planning for the incorporated area of the City of Troutdale. This program reaches the residential, school, and commercial sectors. Staff participates in regional workgroups to coordinate programs and assure that regional consistency is a high priority.

The City of Troutdale has 0.4 FTE assigned to Solid Waste and Recycling issues in the Solid Waste and Recycling Department. These issues include franchising of solid waste collection, conducting periodic rate reviews, providing public education, promotion of waste reduction, and participation in regional planning activities.

An additional \$3,876 to support the Commercial Technical Assistance Program (CTAP) has been acquired from Metro by way on an intergovernmental agreement (IGA). The City of Troutdale has contracted with the Portland State University's Community Environmental Services Department to conduct the CTAP audits for the City

The solid waste and recycling staff person has a phone line, which is published in phone directories, on printed materials, in Chamber directories, in City newsletters and at events to address citizen questions, complaints, and comments. It is important to the City that citizens have a local number to call to find answers to their questions.

A citywide mailer goes to all mail recipients (approximately 14,000) six times per year. This is an 8-page newsletter titled *The Troutdale Champion*, focusing on multiple aspects of City business as-well-as waste reduction and solid waste and recycling. In addition, the *Troutdale Spring Recycler* is mailed out once a year in the spring to all residents of the City. This 4-8-page newsletter covers a variety of solid waste and recycling topics but mainly focuses on the Annual Spring Cleanup event that is put on each spring by the City.
