## **THIRD AMENDED CONSTRUCTION AND OPERATING AGREEMENT**

THIS THIRD AMENDED CONSTRUCTION AND OPERATING AGREEMENT (“Agreement”) is made and entered into effective June 12, 2007, by and between the CITY OF TROUTDALE, OREGON (“City”), and JACK GLASS (“Operator”).

### **RECITALS**

A. City is the owner of certain real property consisting of approximately .53 acres located at 1208 E. Columbia River Highway, in Troutdale, Oregon, and more particularly described as Glen Otto Community Park (“Park”) on the map marked Exhibit A1 attached hereto and by reference incorporated herein.

B. A vacant building (“Building”), formerly used as a service station, was located in the Park as shown on the map attached as Exhibit A2. The Building was vacant for several years and needed some repairs to make it operable. A valuable use of the Building is providing commercial services to those people who enjoy and recreate at the Park.

C. Operator desired to operate the Building as a retail snack food and fishing tackle shop, and the City believes the public interest has been served and furthered by providing for such operations.

D. Operator and City entered into a Construction and Operations Agreement on July 1, 1997 (the “Initial Agreement”). The Initial Agreement was for a five (5) year term, with the option to extend the term for three (3) additional five (5) year terms. In June, 2002, Operator and City agreed to extend the Initial Agreement for an additional five (5) year term.

E. In July, 2004, Operator asked the City Council for permission to allow Rob Brown to operate the snack, tackle and supply business. The Initial Agreement, as extended, requires the Operator to operate the business and prohibits an assignment of the agreement without the Council’s consent.

F. The City Council is willing to amend the Initial Agreement to allow Operator to contract with Rob Brown to operate the snack, tackle and supply business, provided that Operator supervises Rob Brown and remains responsible to the City for complying with all the provisions in the Initial Agreement. The Initial Agreement is not being assigned, rather section 8 is being amended for the limited purpose of allowing another person to operate the business, subject to Operators control and supervision.

G. In April, 2005, Operator asked the City Council for permission to operate a second business, Hook-up Guide Service, from the City owned facility at 1208 E. Columbia River Highway. The Initial Agreement allowed for only the operation of retail sales of snack foods and fishing tackle and supplies, (and for no other purpose).

- H. The City Council is willing to amend the First Amended Agreement to allow Operator to operate a second business, Hook-up Guide Service, from the City owned facility at 1208 E. Columbia River Highway.
- I. The first five (5) year extension, as outlined in the Initial Agreement, began on July 1, 2002 and ends on June 30, 2007. In May of 2007, Operator asked the City Council for a second five (5) year extension and requested that the compensation paid to the City by the Operator remain at \$100 per month.
- J. The City Council is willing to extend the agreement for the second five (5) year term and to amend the Initial Agreement allowing the compensation rate to remain at \$100 per year for the period of July 1, 2007 through June 30, 2012.

NOW, THEREFORE, based on the foregoing Recitals and the mutual covenants hereinafter set forth, the parties agree as follows:

## AGREEMENT

1. **Appointment.** City hereby appoints Operator to operate the Building and the surrounding area (collectively referred to as the "Premises), which area is delineated on Exhibit A2.

Operator hereby accepts such appointment upon the terms and conditions set forth in this Agreement.

2. **Term**

(a) The term of this Agreement commenced on the 1st day of July, 1997, and ended on the 30th day of June, 2002. Operator was granted the first five (5) year extension which began on July 1, 2002 and ended on June 30, 2007. Operator extended this Agreement for a second term of five (5) years beginning on July 1, 2007 and ending on June 30, 2012. Operator shall have the option to extend this Agreement one time for a term of five (5) years (for a total of 5 additional years). Operator's option shall be conditioned upon (i) written notice to extend being given to City not sooner than six (6) months prior to the expiration of the existing term, nor later than three (3) months prior to the expiration of the existing term, (ii) Operator not being in default of this Agreement as of the date of the giving of the written notice to extend, (iii) Operator not being in default under this Agreement as of the commencement date of the new term, and (iv) approval of the extension by the Troutdale City Council.

(b) By accepting this appointment, Operator accepts the Premises "as is, where is" with all defects, patent and latent and without representation or warranty of any kind.

3. **Compensation.** Operator shall pay compensation to the City as follows:

(a) For the first five-year period, One Dollar (\$1.00) per year, with the first payment due on July 1, 1997.

(b) If this Agreement is extended, compensation shall be paid by the Operator to the City as follows:

(i) During the first five-year extension (July 1, 2002 to June 30, 2007), \$100 per month;

(ii) During the second five-year extension (July 1, 2007 to June 30, 2012), \$100 per month; and

(iii) During the third five-year extension (July 1, 2012 to June 30, 2017), \$300 per month.

(c) For each extension period, payments are due on the first day of the first month of an extension period and on the first day of each subsequent month thereafter.

#### 4. **Taxes.**

(a) Operator shall be responsible for and pay when due all taxes assessed during the term of this Agreement and any extension thereof against any personal property of any kind owned by or placed upon or about the Premises by Operator. Operator shall pay all real property taxes and assessments levied, assessed or imposed during the term of this Agreement upon the Premises.

(b) The foregoing notwithstanding, both parties recognize that the Premises should remain as tax exempt under ORS 307.090.

5. **Utility Charges.** Operator agrees to contract for services directly with the providers of, and to pay promptly all gas, electric light, power, sewer and water rates and charges, storm drainage charges, garbage collection charges that may become payable during the term of this Agreement, or any extension thereof, for gas, electricity, sewer and water, storm drainage and garbage services used on the Premises. City makes no warranties or representations as to the quantity, quality, availability, amount or duration of any of the utility services referred to in this paragraph. Operator shall arrange for regular and prompt pick up of trash and garbage.

6. **Insurance.** Operator shall, at its sole cost and expense, procure and maintain, or cause to be procured and maintained, during the entire term of this Agreement, the insurance described in this paragraph (or its then-available equivalent), which insurance shall be subject to City's review and approval (which approval shall not be unreasonably withheld) and shall name City as an additional insured. Policy limits shall be reviewed annually and may be adjusted by City, if prudent, considering the levels of inflation, risk of loss, premium expenses, and other relevant factors; provided, however, that the amount of property damage insurance that Operator shall maintain with respect to the Premises shall never be less than the full replacement cost of the Building as required below. Operator shall procure and maintain the following:

(a) General comprehensive liability insurance covering all claims with respect to injuries or damages to persons or property sustained in, on or about the Premises and the appurtenances thereto, including the sidewalks and alleyways adjacent thereto, which shall contain a "breach of warranty" and a cross-liability clause naming City as an additional insured, with limits of liability (which limits shall be adjusted as provided above) no less than the following: personal injury and property damage liability—\$1,000,000 each occurrence and aggregate.

(b) During remodeling of any buildings and during any subsequent restoration, alterations or changes in the Premises that may be made by Operator at a cost in excess of \$2,500 per job, contingent liability and builder's risk insurance upon the entire work upon the Premises to the current one hundred percent (100%) replacement value thereof against "all risks" or physical loss or damage to the property insured, including earthquake and other earth movement and flood.

(c) Physical damage insurance covering all real and personal property located on or in, or constituting a part of the Premises, in an amount equal to at least one hundred percent (100%) of the new replacement cost of all such property (or such lesser amount as City may approve in writing). Such insurance shall (i) be provided on as broad a form property coverage as may be customary for like properties in the vicinity of the Premises from time to time during the term of this Agreement, and (ii) cover explosion of steam and pressure boilers and similar apparatus located in the Premises, subject in each case to deductibles no greater than those customary in the locality of the Premises for similar properties, as approved by City.

(d) Workers' compensation and employers' liability insurance in respect of any work by employees of Operator on or about the Premises.

Operator shall provide to City certificates of insurance and copies of policies obtained by Operator hereunder promptly upon the request of City. Further, all policies of insurance shall:

(1) be written as primary policies not contributing with and not in excess of coverage that City may carry;

(2) contain an endorsement providing that such insurance may not be materially changed or amended with respect to City, except after twenty (20) days' prior written notice from insurance company to City, and may not be canceled with respect to City, except after thirty (30) days' prior written notice from insurance company to City;

(3) expressly provide that City shall not be required to give notice of accidents or claims and that City shall have no liability for premiums; and

(4) be written by insurance companies having a best rating of "A+ IX" or equivalent, which insurance companies shall otherwise be reasonably acceptable to City.

If Operator at any time during the term of this Agreement fails to procure or maintain insurance required hereunder or to pay the premiums therefore, City shall have the right to procure the same and to pay any and all premiums thereon, and any amounts paid by City in connection with

the acquisition of insurance shall be immediately due and payable, and Operator shall pay to City upon demand the full amount so paid and expended by City, together with interest thereon at the rate of ten percent (10%) per annum from the date of such expenditure by City until repayment thereof by Operator.

Notwithstanding the above provisions, the parties recognize that Operator is an agent of the City under this Management Agreement and that claims against the Operator are subject to the provisions of the Oregon Tort Claims Act, ORS 30.260 - 30.300.

7. **Waiver of Subrogation.** Neither party shall be liable to the other for any loss or damage caused by fire or any of the risks enumerated in a standard fire insurance policy with an extended coverage endorsement, including sprinkler leakage insurance, if any. All claims or rights of recovery for any or all such loss or damage, however caused, are hereby waived. Without limiting the generality of the foregoing, said absence of liability shall exist whether or not such loss or damage is caused by the negligence of either City or Operator or by any of their respective agents servants and employees.

8. **Use of Premises.** The Premises shall be operated by Operator for City for: retail sales of snack foods and fishing tackle and supplies (Jack's Snack and Tackle); fishing guide service (Hook-up Guide Service), (and for no other purpose) in accordance with the preliminary plans, a copy of which is marked Exhibit B, attached hereto and by reference incorporated herein. Provided, however, Operator may contract with Rob Brown to provide the retail sales of snack foods and fishing and tackle supplies. Operator shall oversee operators on the Premises and shall remain responsible for complying with all the terms in this Agreement. In connection with the use of the Premises, Operator shall:

(a) Conform to all applicable laws and regulations affecting the Premises and the use thereof, and correct at Operator's own expense any failure of compliance created through Operator's fault or by reason of Operator's use.

(b) Refrain from any activity that would be reasonably offensive to City or to owners or users of adjoining property, or which would tend to create a nuisance or damage the reputation of the Premises. Without limiting the generality of the foregoing, Operator shall not permit any objectionable noise or odor to escape or be emitted from the Premises.

(c) Continuously use the Premises except to the extent the use is interrupted or prevented by causes beyond Operator's reasonable control.

(d) Not commit or suffer any strip or waste to the Premises or the improvements thereon or any parts thereof.

(e) Permit public access to all unimproved portions of the Premises during the hours that other municipal parks are open to the public.

(f) Cooperate with the City in the use of the unimproved portions of the Premises for civic, public or municipal events. In the event of such use, the City shall be responsible for restoring the condition of the unimproved portion of the Premises to its condition prior to such use.

(g) Provide periodic reports to the City's Director of Community Development regarding the use of the Premises, and, upon receipt, provide financial records that will enable the City to determine:

- (i) the costs of the improvements ("actual costs") that Operator has not been reimbursed for as measured by subtracting the actual costs from Operator net revenue (which is operations gross revenue minus expenses and a reasonable rate of return), and
