

## RESOLUTION NO. 2005

### A RESOLUTION RECOGNIZING THE COMPLETION OF THE SANITARY SEWER REALIGNMENT PROJECT (UNDER I-84) AND ACCEPTING THE IMPROVEMENTS INTO THE CITY'S FIXED ASSET SYSTEM

#### THE TROUTDALE CITY COUNCIL FINDS AS FOLLOWS:

1. The Oregon Department of Transportation is planning to reconstruct the Interstate 84 bridges over the Sandy River, with construction anticipated to commence in the summer of 2010.
2. Proposed location of the new bridge abutments would conflict with City's sanitary sewer trunk main at its initial location. Reconstruction of the Sandy River freeway bridges requires relocation of the City's existing sanitary sewer trunk main under I-84.
3. The trunk main crossed ODOT right-of-way at the conflicting location. Therefore, it was the City's responsibility to relocate the main.
4. The relocation of the I-84 sanitary sewer trunk has been completed.
5. The relocation has been inspected and found to be in compliance with the City of Troutdale *Construction Standards for Public Works Facilities* and the construction plans and specifications

#### NOW, THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF TROUTDALE

- Section 1. The following public improvements associated with the Sanitary Sewer Relocation project are accepted into the City's fixed asset system.

Improvement	Estimated Value
350 Linear feet of 30" PVC Sanitary Sewer Pipe	\$134,260
3 72" Sanitary Sewer Manholes	\$20,780
1 60" Sanitary Sewer Manhole	\$4,860

TOTAL ESTIMATED VALUE	\$159,900
-----------------------	-----------

Section 2. This resolution is effective upon adoption.
