**Agreement
Between the City of Troutdale and McMenamins Inc.
For the Summer Concert Series as an
Event of City Wide Interest**

THIS AGREEMENT is made and entered into between the City of Troutdale, an Oregon municipal corporation (the "City") and McMenamins, Inc, an Oregon corporation ("McMenamins") for the purpose of establishing the City's and McMenamins' coordination obligations related to outdoor concerts held at 2126 SW Halsey, Troutdale, Oregon ("Edgefield") from June through September 2010 ("Summer Concert Series").

RECITALS

A. Edgefield is zoned General Commercial under the Troutdale Development Code ("TDC") 3.120. Edgefield and the Summer Concert Series are allowed as permitted uses under the TDC.

B. On April 24, 2007, the Troutdale City Council designated Edgefield as an event of city wide interest under the TDC ("Event of City Wide Interest") and collectively deemed all events at Edgefield as Events of City Wide Interest, including the Summer Concert Series.

C. Parking for the Summer Concert Series requires use of unpaved parking areas for temporary overflow parking. Temporary overflow parking in conjunction with Events of City Wide Interest is allowed on unpaved surfaces under TDC 9.070(C).

D. The City requires an applicant to submit an application for Events of City Wide Interest ("Events Permit Application"). The Event Permit Application provides City staff with specific information about the planned event to help the City better assist an applicant during the planning for the event. McMenamins submitted an Event Permit Application for the Summer Concert Series, and this Agreement provides the coordination obligations for the City and McMenamins for the Summer Concert Series.
