

Public Art Committee -- Minutes 06/02/11

Present: committee members Pete Chasar, Destiny Schwartz, Timm Rolek; staff members Dianne Morris; Cody Erhart; visitors, Hedda Markham.

Minutes from 5/19/11 were distributed but not approved, as only one member was present at last meeting.

Discussion Items:

1 - C. Erhart indicated that Hillside grading had been postponed due to bad weather and that more utility poles were being sought. Trenching for pole retaining wall will follow rough grading work.

2 - T. Rolek reported on public art decommissioning problems here and abroad, suggesting that PAC create a document that clearly defines public art and specifies decommissioning processes and responsibilities. (P. Chasar to share earlier "guidelines" documents that may serve as template for new text.)

3 - P. Chasar presented a draft "Call for Proposals" document dealing with possible temporary art installations at Hillside Oasis. C. Erhart raised issues of placement and funding for "anchoring" features needed for some installations. Members are tasked with reviewing current draft and bringing more comments and suggestions to next meeting.

4 - Other: D. Morris indicated that her City credit card could be used to purchase materials for landscaping and mural.

Next meeting -- Thursday, June 16, 2011, noon at City Hall.

-- Pete Chasar
