

## Public Art Committee -- Minutes 1/20/11

Present: Committee members Sandy Bonney, Pete Chasar, Hedda Markham; Staff members Dianne Morris and Cody Erhart.

Minutes from 1/06/10 were reviewed and approved.

### Discussion Items:

1- Instead of a materials list, Erhart presented a variation of the Schwartz design. This revised design also places trees adjacent to the curb cut, but it differs in that it offers a simple asymmetrical plan for the base plane, fewer plantings, and places the stage next to the Jones building.

2 - Chasar presented three thumbnail color renditions of mural triptychs designed to symbolize a park setting: a silhouette of trees with a full moon background; close-up view of sword ferns; a close-up view of tree branches. He also offered that mural materials would probably cost approximately \$1,000.

3 - Committee members began a phased project task and features list with the following:

- check for location of underground utility lines;
- clear, grade and excavate for initial paving, infrastructure and planting;
- acquire and install paving materials, trees, plants;
- create and/or acquire murals, seating, stage platform, trash receptacles, gabions, power poles and boulders;

Other items discussed for inclusion were electrical and water services, and a large driftwood piece.

Next steps: All members to consider how project will be phased and Erhart to estimate materials needed based on size of lot.

Next meeting -- Thursday, Jan. 27, 2011 at noon at project site, Hillside and Chetco.

-- Pete Chasar
