Market parking but so an example, that have no be considered by the birry Council. The Piensing Director describe than it there are about for problems that they should be problem. At attention for correction.

Commissioner Krebs reported on the action that the County has taken on three County referrals the City has commented on in the recent past. The actions were as follows:

- 1. County Commissioners have tabled the request for a recreational vehicle park on north bank road for 120 days.
- 2. The 34 unit mobile home park rezone from R-3 to C-1 behind the Harbor Shopping Center has been tabled until the applicant can demonstrate that he has the required 50 ft. right of way.
- 3. The County accepted the City's recommendations on the 11 unit mobile home park on Nelson Way in the Harbor area.

Commissioner Krebs also expressed concern that the recently annexed areas such as the Oregon Driftwood Shores would meet the standards adopted in the new Land Development Code, if the code would apply to this area, and if staff has looked into and considered this issue. The Planning Director stated that staff did have concern for these matters and there may be streets that can not meet city standards. Discussion followed about water and sewer service on private streets. Commissioner Holmes pointed out that standards must be applied evenly and equably to all areas.

Commissioner Freeman stated concern for the way minor partitions were being used in the city, citing the Bryson case and the Riviara (Miller) case that were heard earlier this evening. also stated that he did not like the fact that one of the lots in the Miller case had a flag lot in it and stated that he thought we were trying to get away from such designs. He also stated that Tuesday night was not a good night for workshops. The Planning Director stated that it was his understanding that the ORS allows the city to write a stricter land division code but that it had to be in an adopted ordinance; and that the city does have the right to deny a minor partition if a road would was considered necessary Discussion followed about the difficulty of appropriate. providing public roads to allow development of large lots that have been isolated by the creation of smaller lots along existing roads. Examples in the Dawson tract were cited.
