He said it had become necessary to replace the tube in the culvert on Easy St. A plan to black-top Easy Street from the Highway to 2nd. at an approximate cost of \$1700 ^{for culverts} because of the heavy traffic of logging trucks was discussed by Mr. Spencer. He also spoke of the need to improve Willow street from the highway to Spruce because of it's hazardous condition. Action on these two ~~improvements~~ was tabled until Mr. Echols could have an opportunity of studying and reporting on them.
