

MINUTES
CITY OF BROOKINGS
PARKS & RECREATION COMMISSION
SEPTEMBER 5, 1974

Members present: Allan Ettinger, Chairman, Bruce Kent, Del Oliver, John Lacy, and Lee Hansen. Superintendent of Public Works, Elmer Lee, also attended.

Meeting called to order at 7:40 p.m.

Minutes of July meeting read and approved. No meeting was held in August.

Nine hundred forty cubic yards of gravel hauled to Easy Manor Park by city trucks, reported Elmer Lee, and leveled by city equipment. Next thing needed, he said, is construction of forms for concrete in which the steel fence posts will be set. The city has quite a few pieces of scrap lumber material for forms but maybe not enough.

Elmer said a backhoe will help in setting fence post forms in the new gravel. John Lacy volunteered to contact Gary Wimberley to ask him to use his backhoe while members of this Commission set the forms.

Elmer will have the city engineer put stakes in spots where each post will stand. Members will build forms at the Oliver home in their spare time during the next week. When they are ready, a day will be set for commission members to get together to set the forms, and the posts later.

Meeting adjourned at 8:55 p.m.

CHAIRMAN

ATTEST:

H. Lee Hansen
