

MINUTES  
PARKS & RECREATION COMMISSION  
CITY OF BROOKINGS  
OCTOBER 5, 1978

Present: Elmer Lee, Lee Hansen, Ellis Watkins, John Lacy, and Dick House.

Minutes of previous meeting reviewed and approved.

Terry Phillips was present and expressed an interest in the installation of the lights for the tennis courts. He assured us that he and other volunteers would work to lay the light conduit, dig and pour the bases and help with erecting the poles with supervision.

Elmer Lee said there was a surplus of State BOR money like \$15,000 which we could get if we could use it before the end of this year. We agreed to check the details and learn what matching funds were necessary, and if possible to obtain it, set the project of hiring base rock for 3rd Street extension and developing the parking area there.

Dick House will work with John Lacy and try to solve the problem of the drainage for the Church, the Stout Park and adjoining apartments.
