

DEQ will recommend that the Environmental Quality Commission adopt rules for fine particles PM_{2.5} and greenhouse gases at the February 17/18, 2011 EQC meeting. This will make it possible to continue to implement the New Source Review/Prevention of Significant Deterioration Program, as required by the Environmental Protection Agency. DEQ is asking interested persons to provide comment on the proposed rules during the public notice period October 14 through November 24. Public hearings will be held during the week of November 15th.

The proposed rules and more details about the public comment period, including the time and location of hearings are available at www.deq.state.or.us/regulations/rulesandlaws.htm.

If you cannot attend a hearing, email comments by 5 p.m.

November 24, 2010 to AQFeb2011Rules@deq.state.or.us.

For questions contact Jill Inahara at 503-229-5001 or by email at inahara.jill@deq.state.or.us.
