ORS 468.020, 468A.025, 468A.035, 468A.040, 468A.050 & 468A.310

Other Authority:

Statutes Implemented:

ORS 468.020, 468A.025, 468A.035, 468A.040, 468A.050 & 468A.310

RULE SUMMARY

The proposed rules would adopt new and amended federal air quality regulations and related permit rules. This includes adopting new national standards for electric utility steam generating units, gold mine ore processing and production, polyvinyl chloride and copolymers production, and sewage sludge incinerators, as well as changes to the federal gasoline dispensing facility rules. The rulemaking proposal would also clarify when and if Air Contaminant Discharge Permits are required for sources subject to NSPS and NESHAP.

DEQ requests public comment on whether other options should be considered for achieving the rule's substantive goals while reducing the negative economic impact of the rule on business.

The Agency requests public comment on whether other options should be considered for achieving the rule’s substantive goals while reducing negative economic impact of the rule on business.
