**Please answer all questions. An incomplete application will not be processed.
If the information requested is not applicable, please indicate as such.**

A. REFERENCE INFORMATION:

1. Enter the legal name of the applicant. The permit will be issued to the legal name of the applicant.
2. Enter the type of entity that is applying for the permit. If the appropriate category is not listed as an option, enter the type of entity in the space next to "Other."
3. Enter the name, telephone number, and mailing address of the Responsible Official. The Responsible Official is the person that receives official correspondence from DEQ, such as renewal notices or notices of noncompliance, and may be contacted if there are questions about this application.
4. Enter the name, telephone number and mailing address of the Primary Contact if different from the Responsible Official. The Primary Contact is assigned storm water program implementation responsibility, and the person with specific knowledge of operations and activities addressed by the permit. This person may be contacted if there are specific questions about this application.
5. Enter invoicing information for billing purposes if different from the Responsible Official (e.g., "Invoice To: Business Office - Accounts Payable").

B. REQUIRED INFORMATION:

1. Enter the following information regarding the location of the MS4:
 - a. The Urbanized Area within which the MS4 is located. Urbanized Areas are defined by the U.S. Census Bureau. Four Urbanized Areas exist in Oregon: Portland, Salem, Eugene, Corvallis, Medford, and Bend. To verify that your jurisdiction (or parts of your jurisdiction) is located within one of these Urbanized Areas, visit <http://cfpub.epa.gov/npdes/stormwater/urbanmapresult.cfm?state=OR>.
 - b. The latitude and longitude of the approximate center of the MS4 in degrees, minutes, and seconds. Latitude and longitude can be obtained from DEQ's location finder web site at <http://deq12.deq.state.or.us/website/findloc/>
2. Provide the Department with a Land Use Compatibility Statement and associated findings document.
3. List the names of the Oregon surface water bodies that directly receive storm water discharged from the MS4.
4. Indicate whether you plan to collaborate with other governmental entities in satisfying permit requirements (i.e., sharing Storm Water Management Program implementation responsibilities). If so, list the entity(s) with which you plan to share responsibilities.
5. Develop and attach a comprehensive Storm Water Management Program Plan that addresses the six (6) minimum control measures required by federal regulations (40 CFR § 122.34). The SWMP must include the following information for each of the six minimum control measures:
 - a. The structural and non-structural best management practices (BMPs) that the permittee or another entity will implement for each of the stormwater minimum control measures;
 - b. The measurable goals for each of the BMPs including, as appropriate, the months and years in which the permittee will undertake required actions, including interim milestones and the frequency of the action;
 - c. The person or persons responsible for implementing or coordinating the BMPs for the permittee's SWMP; and
 - d. In addition to the requirements listed above, the permittee must provide a rationale for how and why the permittee selected each of the BMPs and measurable goals for the permittee's Stormwater Management Program.
 - e. A timetable for completing each of these actions must be included in the attachment.
6. The storm water management program plan must be submitted to DEQ before permit issuance.

C. SIGNATURE OF LEGALLY AUTHORIZED REPRESENTATIVE:

The signature of a legally authorized representative must be provided in order to process this application. For city, county, state, federal, or other public entities the legally authorized representative is the principal executive officer or ranking elected official
