Subject: EQC adopts revised toxics water quality standards

Hi,

The EQC adopted toxics rule revisions last week. The adopted rules and staff report are posted to DEQ's ["Corrections and Clarifications to Toxics Water Quality Standards Rulemaking" web page.](#)

We are now working on getting the adopted rules filed with the Secretary of State. Once filed and certified by the state's Attorney General, DEQ will send the adopted rules on to EPA for their action. Please let me know if you have any follow up questions.

Thanks and happy holidays!

Subject: RM-AquTox 2013: EQC Agenda and materials posted

Hi,

I wanted to let you know that the agenda and materials for next week's EQC meeting are now posted. On the agenda is the adoption of the proposed rule: *Corrections and Clarifications to Toxics Water Quality Standards Rulemaking*. We will be presenting the proposal on Dec. 12 around 1:00. Thanks again for being on the Advisory Committee.
