Okay, here they are. I think these are all new since the last changes.

OAR 340-012-0140(2)(a)(E)

(ii) A person that has a Tier 1 industrial source NPDES or WPCF permit.

Which replaces:

(iv) A person that has or should have an individual WPCF Permit or has an individual NPDES permit for a vegetable or fruit processing facility.

(v) A person that has or should have an individual WPCF permit or has an individual NPDES permit for a mining operation or for any permitted mining operation using chemical leaching or froth flotation.

Also added to OAR 340-012-0140(2)(a)(E):

(vii) A person that has or should have applied for coverage under an NPDES Stormwater Discharge 1200-C General Permit for a construction site that disturbs 20 or more acres.

For OAR 340-012-0140(3)(a)(E)

(ii) A person that has a Tier 2 industrial source NPDES or WPCF Permit.

(iii) A person that has or should have applied for coverage under an NPDES or a WPCF General Permit, except an NPDES Stormwater Discharge 1200-C General Permit for a construction site of less than five acres or 20 or more acres in size, or for an NPDES 700-PM General Permit for suction dredges.
