BTW – Call or email Mike Kucinski directly. I talked to him last week and they have some rulemaking scheduled that will require changes to Div. 12 so he needs to figure out whether what we are doing now will fit with what he has planned.

The rule making is being lead by Jenny and Les.
We are reopening Division 12 because of the legislature's decision to increase the cap on the penalty for a violation from \$10,000 per day to \$25,000 per day and while we were at thought it was a good time to do a review. Division 12 hasn't been substantially revised since 2005.
For your third question, I defer to Jenny or Les.

Subject: RE: Div. 12 Rulemaking Timeline

At my weekly check-in with Zach, he had some questions for me that I couldn't answer...

1. Is Jenny the lead staff for this rulemaking?
2. What is driving the rulemaking (is there something we have to do to update the rule)? I vaguely remember mention of what it is but I have no recollection. I will blame it on advancing

age...

3. Are the advisory committees both external? Do we have a standing committee?

Thanks!

Hi Ranei: Attached is a timeline. No one is currently assigned to work on onsite from OCE, so I will. Courtney is out today, but I will check with her tomorrow regarding stormwater.

Subject: Div. 12 Rulemaking Timeline

Revised--

Leah and Les,

Here is our current proposed timeline:

4/13/12 Receive ELS program suggestions for matrix, class and magnitude review.
Consider/determine "superbads."

4/20/12 Les and Jenny collate ELS suggestions and determine scope of rulemaking.

4/24/12 Leah, Les and Jenny meet to discuss scope and options for matrices.

6/1/12 Begin engagement with programs

10/2012 Initial Advisory Committee Meeting

2/2013	Second Advisory Committee Meeting
6/14/13	Submit Notice for Publication in Secretary of State Bulletin
7/1/13	Notice Published
7/15/13	Conduct First Public Hearing Additional Public Hearings?
3 days after last hearing – Close public comment	
8/2013 or 10/2013	EQC Adoption
