

Secretary of State  
Certificate and Order for Filing  
**PERMANENT ADMINISTRATIVE RULES**

**FILED**  
4-16-15 3:27 PM  
ARCHIVES DIVISION  
SECRETARY OF STATE

I certify that the attached copies are true, full and correct copies of the PERMANENT Rule(s) adopted on Upon filing, by the  
Department of Environmental Quality

340

Agency and Division

Administrative Rules Chapter Number

Meyer Goldstein

(503) 229-6478

Rules Coordinator

Telephone

811 SW Sixth Ave., Portland, OR 97204

Address

To become effective Upon filing, Rulemaking Notice was published in the January 2015 Oregon Bulletin.

**RULE CAPTION**

Grants Pass Carbon Monoxide and Particulate Matter (PM10) Limited Maintenance Plans

Not more than 15 words that reasonably identifies the subject matter of the agency's intended action.

**RULEMAKING ACTION**

Secure approval of new rule numbers with the Administrative Rules Unit prior to filing.

**Other Authority:**

**Statutes Implemented:**

ORS 468A.025 and 468A.035

**RULE SUMMARY**

Short summary

The Environmental Quality Commission adopted rules to update Oregon maintenance plans designed to protect air quality in Grants Pass for carbon monoxide (CO) and for particulate matter 10 microns and smaller (PM10) as required by federal law. Because CO and PM10 pollution levels have been very low and the area is unlikely to exceed health standards in the future, the area qualified for and DEQ proposed limited maintenance plans that streamline requirements and eliminate costly computer modeling requirements for transportation conformity analysis.

DEQ proposed and EQC adopted the rules for incorporation into the Oregon Clean Air Act State Implementation Plan. The rules will be submitted to the U. S. Environmental Protection Agency for its approval under the federal Clean Air Act.

Brief history

Under the Clean Air Act, EPA sets air quality standards to protect public health for six common air pollutants. EPA established the CO standard at 35 parts per million for a 1-hour average and at 9 parts per million for an 8-hour average. EPA established the PM10 standard at 150 micrograms per cubic meter for a 24-hour average and at 50 micrograms per cubic meter for an annual average. The Clean Air Act requires communities that exceed these health standards to adopt plans to achieve and maintain good air quality.

In addition to the PM10 standard, EPA adopted the PM2.5 standard in 1997, for smaller or fine particulate matter 2.5 microns in size or less, since the smaller inhalable particles have been found to pose a greater health risk. Grants Pass has never violated the PM2.5 standard.
