Jill

I need approval of the GovDelivery message, not the website. Before I can send the two GovDelivery messages, I need Uri's email approval to send those messages. The messages are on [SharePoint](#) in the category "Review". Look for the document GOVDELIVERY.PRE.NOTICE-Stakeholder.Meeting.Invitation

Hi Andrea,  
It looks fine. I emailed you Uri's approval for the website....that's what you wanted, correct?

Thanks for the addresses....I'll work on a postcard. Can you remind me about how many there are?

Thanks for your help on all of this, Andrea!

Jill

Jill,

Please review the GovDelivery stakeholder meeting invitation on [SharePoint](#). It's in the category "Review".

Send me Uri's email approval. Once web staff upload the document to the web, I'll send the invitation through GovDelivery.

I uploaded everything we did today to your SharePoint site. I'll also upload the mailing addresses so you can coordinate a postcard.

Unfortunately, not all permit holders have email addresses in TRAACS. If you want to print a postcard, you'll have to work with the mailroom to print it, cut the paper, get it stamped and out the door.
