DEQ Extends Public Comment Period for Proposed Rulemaking that Addresses Federal Air Quality Regulations

DEQ has received a request from the Northwest Pulp & Paper Association and Oregon Forest Industries Council to extend the public comment period for the proposed update to Oregon's air quality rules to address federal regulations, which had been scheduled to close on December 23, 2013. DEQ is extending the public comment period for this rulemaking until **Friday, Jan. 10, 2014 at 5:00 p.m.** to provide additional time for comment.

DEQ has proposed rules that implement new and amended federal air quality regulations. DEQ requests public comment on the proposed rules.

DEQ also requests public comment on the State plan to implement the federal Emission Guidelines for commercial and industrial solid waste incineration units and Delegation request to implement the Federal Plan Requirements for hospital, medical, and infectious waste incinerators.

The objective of this rulemaking is to update DEQ rules to ensure Oregon regulations are up to date with respect to federal air quality regulations. This rulemaking also seeks to protect public health, implement federally-delegated programs that regulate hazardous air pollutants and other air pollutants, and improve Oregon's implementation of these programs.

The draft rules, rulemaking announcement & rulemaking documents are posted [online](#). To receive a hard copy of these documents, call Jerry Ebersole, (503) 229-6974. Written comments may be mailed to the attention of Jerry Ebersole at DEQ, 811 SW Sixth Avenue, Portland, OR 97204, faxed to 503-229-5675, or submitted through the [online comment form](#).
