Hi Carol,

Position title: Public Notice

NOTICE OF PUBLIC HEARING ON PROPOSED AIR QUALITY PROGRAM RULE AMENDMENTS

The Oregon Department of Environmental Quality (DEQ) plans to propose that the Environmental Quality Commission (EQC) adopt rules to update the Oregon Infrastructure State Implementation Plan, as required by Section 110 of the Clean Air Act, 42 U.S.C. §7410, to incorporate elements for the annual fine particulate matter (PM 2.5) National Ambient Air Quality Standards (NAAQS), address interstate transport of nitrogen dioxide, sulfur dioxide, lead and PM 2.5, and amend the definition of NAAQS to include PM 2.5. The proposed rules are part of the Oregon Clean Air Act State Implementation Plan. Therefore, DEQ proposes an update to the plan. If EQC adopts the proposed rules, DEQ would submit these amendments to the United States Environmental Protection Agency (EPA) for approval and as a revision to the State Implementation Plan, as the Clean Air Act requires.

DEQ will hold a public hearing on the proposed rules, Thursday, July 16, 2015, at 5:00 p.m., at DEQ Headquarters, 811 SW Sixth Avenue, conference room EQC B, Portland, Oregon 97024. Oral and written comments will be accepted at the hearing. Copies of the proposed rule package may be obtained online at
