Thank you for the heads-up! Greatly appreciated. I can schedule some time on Wednesday, Oct. 19 morning in my schedule for this.

I will only be looking for agency style and general readability, so I'm fine in going before Wendy.

Thanks,

Matthew

Subject: EQC staff report for copper rulemaking

Meyer and Matt, DEQ is on a compressed schedule for the copper water quality standard rulemaking. We are planning to proposed the rule to the EQC on November 2nd and Stephanie is allowing us to submit the staff report to her on October 20 (Thursday).

Jennifer will review the staff report Monday and I have sent Wendy Wiles an invite to review it Wednesday afternoon. (She is booked on Tuesday.)

Can you review the report on Wednesday as well? Perhaps in the morning would be best, before I send it to Wendy. Or do you prefer to review it after Wendy's review, which would be first thing Thursday morning (I need to turn it in that same day)? I realize that would be the normal procedure, but just checking, given the circumstances.

Thank you!

Debra Sturdevant
