

ADMINISTRATIVE RULES

to make concessions and take actions that would not be required absent the transaction. The department is asking borrowers to execute tax documents and make certain financial concessions. The temporary rule amendment would allow the department to share the bond refunding savings in excess of one-half with a borrower, if the department determined that circumstances exist under which sharing bond refunding savings in excess of one-half with a borrower was appropriate.

Bond Refunding

(1) The Department must pursue opportunities to refund bonds to reduce interest sums paid by the Department.

(a) When the Department refunds a bond with tax-exempt bonds, the Department must share, on an equitable basis, the savings from any refunding with the affected borrowers in an amount consistent with a finding by the Director that the sinking fund has, and will continue to have, sufficient funds to make payments required under ORS 470.300(1). Affected borrowers are those whose loans were made with the proceeds of the refunded bonds.

(b) For the purposes of OAR 330-110-0042(1), savings from a refunding are shared on an equitable basis if the Department receives half the savings, and the affected borrowers receive or split half the savings, net of costs, from a bond refunding. If, however, the Department determines that circumstances exist under which it is not equitable for the borrower to receive half of the savings from a refunding, the Department may prescribe a different proportionate split of the savings at its discretion. When the Internal Revenue Code or other law limits the amount of refunding savings the Department may retain or provide to the affected borrowers, the Department may receive less or more than half the savings, and the affected borrowers will receive the remainder. If multiple loans were funded from the proceeds of the refunded bonds, the affected borrowers will share the savings in proportion with their respective shares of the proceeds of the refunded bonds that were used to make their loans, adjusted for the remaining term to maturity of their loans.

(2) Savings from a bond refunding accrue over the remaining term of the refunded bonds. The Department will share these savings with affected borrowers by reducing the amount of their loan payments over the remaining term of the loans. If the accumulated savings over the remaining term of a loan is less than \$15,000 or if the Director finds that it is in the interest of both the Department and the borrowers, the Department may reduce the principal amount of the loan by the net present value of the savings, calculated using a discount rate of the maximum arbitrage yield of the refunding bonds as defined in Section 148 of the Internal Revenue Code.

(3) The Department must not refund tax-exempt bonds with taxable bonds, unless the Department is able to share the savings associated with such a refunding with the borrowers whose loans are linked to such bonds.

(4) At least 120 days before the date on which the Department intends to issue refunding bonds, the Department must notify each borrower whose loan was made from the proceeds of the bonds being refunded and must offer the borrower the opportunity to prepay the borrower's loan. The Department will request that the borrower notify the Department of its intent to prepay their loan within 60 days of the date of the notification or risk losing the opportunity to prepay.

Rule Caption: Increase Title V Permit Fees by the Consumer Price Index: Phase 2

Adm. Order No.: DEQ 1-2017

Filed with Sec. of State: 1-19-2017

Certified to be Effective: 1-19-17

Notice Publication Date: 2-1-2016

Rules Amended: 340-220-0030, 340-220-0040, 340-220-0050

Subject: The Oregon Environmental Quality Commission adopted rules to increase Title V operating permit fees by the change in the consumer price index (CPI) as state and federal law authorize. The

fee increases are necessary for DEQ to provide essential services associated with Oregon's Title V permitting program.

Phase one: EQC adopted the phase one rules at the commission's meeting in June 2016. The adopted fee increase effective for the 2016 invoice year was 0.45 percent based on the Bureau of Labor Statistics September 2015 consumer price index for the period of Sept. 2014 to Aug. 2015. DEQ applied this CPI increase to permit fees on the invoices DEQ issued in Aug. 2016 for annual emissions during 2015 and the operating period Nov. 15, 2016 to Nov. 14, 2017.

Phase two: EQC adopted the phase two rules at a commission meeting in Jan. 2017. The proposed fee increase effective for the 2017 invoice year is 0.80 percent based on the Bureau of Labor Statistics September 2016 consumer price index for the period Sept. 2015 to Aug. 2016. DEQ will apply this CPI increase to permit fees on the invoices DEQ will issue in Aug. 2017 for annual emissions during 2016 and the operating period Nov. 15, 2017 to Nov. 14, 2018.

Rule Caption: Updated Oakridge-Westfir PM2.5 Attainment Plan
Adm. Order No.: DEQ 2-2017

Filed with Sec. of State: 1-19-2017

Certified to be Effective: 1-19-17

Notice Publication Date: 10-1-2016

Rules Amended: 340-200-0040

Subject: The Lane Regional Air Protection Agency proposed, and the Oregon Environmental Quality Commission approved, the Updated Oakridge-Westfir PM2.5 Attainment Plan for incorporation into the Oregon Clean Air Act State Implementation Plan (SIP). The plan is also submitted to the U. S. Environmental Protection Agency (EPA) for its approval under the federal Clean Air Act (CAA).

This rulemaking adopts the supplement to the 2012 Attainment Plan which did not meet the CAA deadline of December 2015. In December 2015, Oakridge-LRAPA-DEQ requested a one-year deadline extension to December 2016 consistent with CAA criteria. EPA approved the extension in July 2016. The proposed Updated Oakridge-Westfir PM2.5 Attainment Plan will reduce fine particulate (PM2.5) pollution and protect the health of the residents in the Oakridge area. The plan and associated rules were designed to bring this area into compliance with National Ambient Air Quality Standards for PM2.5 by the extended federal deadline of December 2016.

State of Oregon Clean Air Act Implementation Plan

(1) This implementation plan, consisting of Volumes 2 and 3 of the State of Oregon Air Quality Control Program, contains control strategies, rules and standards prepared by DEQ and is adopted as the State Implementation Plan (SIP) of the State of Oregon pursuant to the FCAA, 42 U.S.C.A 7401 to 7671q.

(2) Except as provided in section (3), revisions to the SIP will be made pursuant to the EQC's rulemaking procedures in OAR 340 division 11 of this chapter and any other requirements contained in the SIP and will be submitted to the EPA for approval. The SIP was last modified by the EQC on Jan. 18, 2017.

(3) Notwithstanding any other requirement contained in the SIP, DEQ may:

(a) Submit to the EPA any permit condition implementing a rule that is part of the federally-approved SIP as a source-specific SIP revision after DEQ has complied with the public hearings provisions of 40 CFR 51.102; and

(b) Approve the standards submitted by LRAPA if LRAPA adopts verbatim, other than non-substantive differences, any standard that the EQC has adopted, and submit the standards to EPA for approval as a SIP revision.

(4) Revisions to the State of Oregon Clean Air Act Implementation Plan become federally enforceable upon approval by the EPA. If any provision of the federally approved State Implementation Plan conflicts with any provision adopted by the EQC, DEQ must enforce the more stringent provision.
