Application Complete:  Labels Prepared:		Tentative DRC Meeting  Date	3	

All information concerning construction materials, design, dimensions, etc. is REQUIRED. If submitting large format plans, please also submit a reduced copy at 11" x 17" for reproducing.

Briefly address each of the Design Review Guidelines and state whether the project complies with the guideline, if applicable, and why this request should be approved. Please provide manufacturer information and/or detailed information for use of any material or design not selected from the "Encouraged" list in the Design Guidelines. (Use additional sheets if necessary.):

**PLANS:** A site plan indicating location of the proposed structure on the property is required. Diagrams showing the proposed construction indicating style and type of materials proposed to be used are required. Scaled free-hand drawings are acceptable. The City may be able to provide some technical assistance on your proposal if it is adjacent to a historic structure and will require additional review by the Historic Landmarks Commission.

If submitting large format plans, please also submit a reduced copy at 11" x 17" for reproducing.
