Question: Shall Warrenton Road District levy \$75,000 per year, outside the permanent rate, beginning 1999-2000 for five years for street purposes? This measure may cause property taxes to increase more than three percent. This local option tax will be imposed for five years.

Summary: This measure would allow the Warrenton Road District to levy \$75,000 per year beginning in fiscal year 1999-2000 for five years, for a total of \$375,000 over the five-year period. This money would be used for the construction, repair and maintenance of city streets, roads and bridges. The revenues raised will be used only for street purposes.
