ORDINANCE NO. 308 A

Introduced by Commissioner Quincy Robinson

AN ORDINANCE ESTABLISHING THE RULES AND REGULATIONS FOR THE WATER DEPARTMENT OF THE CITY OF WARRENTON, AND ALL POINTS SERVED BY THE CITY WATER DEPARTMENT OUTSIDE OF THE CITY LIMITS OF THE CITY OF WARRENTON: FIXING AND DETERMINING RATES TO BE CHARGING FOR SERVICES RENDERED BY THE WATER DEPARTMENT, REQUIRING THE INSTALLATION OF WATER METERS AND REVOKING ORDINANCE NO. 13A AND 178A AND RESOLUTION NO. 107 AND ALL ORDINANCES AND RESOLUTIONS AND PARTS OF ORDINANCES AND RESOLUTIONS IN CONFLICT THEREWITH, AND PROVIDING A PENALTY FOR THE VIOLATION OF ANY OF THE TERMS AND CONDITIONS OF THIS ORDINANCE AND DECLARING AN EMERGENCY.

THE CITY OF WARRENTON DOES ORDAIN AS FOLLOWS:

SECTION 1. Applications for the use of water must be made on printed forms, to be furnished by the Water Office, signed by the owner, lessee, or agent and the applicant must state fully and truly all purposes for which the water may be required, and must agree to conform to the rules and regulations as conditioned for the use of water.

SECTION 2. Any person supplied with water from the city main will not be entitled to use it for any purpose other than stated in his, her or their application, or to supply in any way other persons or families not mentioned in the said application.

SECTION 3. Shut Off Account of Waste - Water will not be furnished where there are defective or leaking faucets, closets or other fixtures, or where there are water closets or urinals without selfclosing valves, or tanks without self-acting float valves; and when such may be discovered, the supply will be shut off from the premises.

Water must not be allowed to turn to waste through any faucets or fixtures in order to prevent freezing, or kept running at any time longer than necessary in its proper use. When such waste is found to exist, the water will be shut off from the premises.

SECTION 4. Service Outside the City - The Water Department may furnish surplus water to places outside of the city boundaries which may not affect the city supply, and to charge therefor the rates fixed by ordinance. Such rates may be changed, from time to time, by ordinance and furnishing of water shall also be conditioned upon the terms of contracts made or to be made.

SECTION 5. Use of Private Water and City Water - Buildings supplied with water other than furnished by the City of Warrenton may obtain city water at meter rates, providing that no physical connection shall in any way, directly or indirectly, exist between the private system and the city's water system. When such connection is found to exist, the water will be shut off.

SECTION 6. Unauthorized Use of Water - It shall be unlawful for any vessel to obtain water for its use from the city mains except through a meter and from persons duly authorized to collect for such water and it shall be unlawful for any person to serve a vessel except through a meter.

SECTION 7. Use of Fire Hydrant - It shall be unlawful for any person to cut, alter, change, remove, disconnect or connect with, or in any manner interfere, meddle, or tamper with any hydrant owned or used by the City of Warrenton; provided, however, that the provisions of this Section shall not apply to the Fire Department of this City; and, provided, further, that all other departments of said City may be allowed to connect on the said hydrants, but must use a spanner or regulation wrench in connection therewith.

Minimum charge within city \$2.25 - outside city \$2.50 f/e + Ra + e. The City Commission may fix a flat rate for use of water without meter. Property owners will be held responsible for water rates as well as the tenant.

SECTION 19 - Meters Required - All persons using city water will, at the city's option, be required to install water meters, the kind or make of said meters to be approved or designated by the Water Department. Outside users will be required to install water meters as a general rule before local users, all being at the city's option. The Water Department may at any time, attach a meter to, or detach a meter from, the service pipe of any place and to charge for the quantity of water used or measured at the regular established meter rates. When a meter becomes out of order and fails to register accurately, the charge shall be according to the average quantity used daily, as shown by the meter when in order.

SECTION 20 - Meters Not to be Tampered With - No person, unless properly authorized by the Water Department, shall connect, remove, repair, or otherwise disturb any water meter after once set.

SECTION 21 - Meter to be Accessible - The occupants of any building or premises where meter is located shall see that the meter is kept and remains free from obstructions on or around the same and is conveniently accessible at all times for the purpose of reading, inspecting or repairing.

SECTION 22 - Service pipes and meters of suitable sizes will be furnished upon application to the Water Department and the prepayment therefor, as hereafter provided, and the Water Department shall furnish all labor and materials necessary for such construction, including tapping of mains, installation of corporation cocks, meter, meter box and connections and such quality and type of pipe as may be necessary. The rates to be charged for furnishing meters and for laying and constructing such service pipe by the Water Department shall be as follows:

Minimum \$60.00 and proportionately more as labor and materials increase in cost (for 5/8" by 3/4".) Larger meters at market price.

The city shall maintain such service connection from the date of installation without further cost to the property owner. When \$60.00 has been paid for the meter and service pipe, the meter belongs to the property owner, but the city will repurchase the meter based on market value at the time of repurchase if the property owner wishes to sell as in the case of the sale of the premises or a non-use for water. If existing service is metered, there will be a minimum charge of \$40.00 for the installation of the meter and an increased cost if the cost of labor and materials increases.

SECTION 23 - Service Pipe - Service pipe of all sizes between the main and the meter shall be of the type and material specified by the City Manager. Service pipes from the meter to the property line and within the premises shall be as designated by the Water Department. Service pipes between the main and meter shall be installed and maintained by the City Water Department except where the meter is located at Page Three, Ordinance ther than the street property line, in which hall be made as to cost of the extra length ers which restrict back flow are installed there shall also be installed therein a a distance from the main farther event special arrangements shall of line. SECTION 32 - Access to Premises for Inspection - The inspector of the Water Department shall have free access at proper hours of the day to all parts of the buildings and premises in which water may be delivered from the City mains, for the purpose of inspecting the condition of the pipes and fixtures and the manner in which the water is used.

SECTION 33 - Water May be Shut Off - On failure to comply with the Rules and Regulations established as a condition to the use of water, or to pay water rates in the time and manner hereafter provided, the water may be shut off the offending premises.

SECTION 34 - Penalty - Any person violating any of the provisions of this ordinance shall, upon conviction thereof, be punished by a fine not exceeding THREE HUNDRED DOLLARS (\$300.00) or imprisonment in the City Jail for a period of not exceeding one hundred (100) days, or by both such fine and imprisonment.

SECTION 35 - That in case any portion or provisions of this ordinance should be held to be invalid for any reason whatsoever by any Court, then all other provisions of this ordinance shall be held and considered to be independent of and separable from such invalid portions and shall not be affected or rendered void by the invalidity of such other portions.

An emergency is hereby declared to exist and this ordinance shall go into force and effect immediately upon passage and approval.
