The City Commission further finds that billings have been computed and mailed at the annual rate set forth in Ordinance 621-A and it was then discovered that errors in computation were made in the Ordinance as adopted which would result, if not corrected immediately, in substantial harm to the City and a loss of revenue and adverse effect on the city's budget and would result further in a benefit to those individuals who chose to pay the annual billing as presented. The City Commission therefore finds that an emergency exists and that this ordinance shall go into effect immediately upon the effective date of Ordinance 621-A, on or about March 19, 1976.
