- B. Food processing waste: all accumulated refuse from animal, fruit, vegetable matter, liquid or otherwise, that attends the preparation and/or use of meat, fish, vegetable and fruit, which are subject to decay and attraction for flies and rodents.

Section III: These rates set forth herein shall insure that the costs of providing garbage and landfill service to those desiring its use will be on a cost-effective basis. To continue the existing rates would result in an unfair subsidy of those using these services and an inequitable allocation of the city's resources; therefore, the city finds a need exists and the rates, as set forth herein, shall go into full force and effect on 1 July 1981.

Passed by the City Commission of the City of Warrenton this 3rd day of June 1981.

Approved by the Mayor of the City of Warrenton this 3rd day of June 1981.
