Mayor Thompson called the workshop to order at 7:00 p.m. in the Conference Room at City Hall.

Mark Adcock, City Administrator said they wanted to review the goals and then hear from the Council as to what they would like to see as new goals that could be added to the original document that was updated in January. The hope of City staff was to focus priority on one or two goals that could be completed. Staff also needed a clear idea on what services in the general fund the Council wanted to prioritize. A work plan would be brought back to the Council in mid-November.

Department Directors updated the Council on current City Council Goals and the status of work that has been accomplished on each goal.

Discussions took place regarding new City Council Goals. The Council came to consensus on adding the following new goals: implementing an Economic Development Action Plan, relocation of police facility, study of regional police training facility, completion of Legacy Park in 2006-2007, and City finances/analysis reporting.

Another workshop would be scheduled on September 19, 2005 to prioritize new City Council Goals, discuss general fund revenues and expenses, prioritize general fund activities, and discuss budget strategies for 2006-2007 and 2007-2008.

The workshop was adjourned at 9:00 p.m.
