UNFINISHED BUSINESS

A. Carol reported on the Dufur Community Library Board meeting. Their principal problem at the present time is securing a school librarian as their present one expects to attend school next year.

B. The bookmobile project was discussed. Carol will do further research, checking into county feeling as to the need for a bookmobile and will also explore possible other ways to expand our services.

C. A preliminary discussion and study was made on next year's budget-to be continued when we receive Mr. Cesar's figures on salary scheduling.

D. Daytime Reading Classes: Mr. Cesar has told Carol such classes may be considered part of the library program so long as they do not interfere with regular library work. We now await word from Mr. Frizzell, Dalles High School principal, as to whether the classes can be organized.

LIBRARIAN'S REPORT

The new adding machine cost \$119.

Carol reported the red part of the carpet has been cleaned and we may have to replace carpet in the entry way as it is badly worn. Also there is new paint available which may solve our washroom problems as it will bend to ceramic tile and is supposedly unmarkable.

She also has some good ideas for National Library Week in April and for a summer reading club by mail for children throughout the county.

Respectfully submitted,
