COUNCIL AGENDA REPORT

Meeting Date: April 23, 2020

Subject:

Re-opening Public Life and Business

Background/Discussion:

A recap of Governor Kate Brown's Executive Orders (EO) related to the Corona Virus (COVID-19) (entire list of 2020 EOs is attached):

- March 08, 2020, EO 20-03 Declaring State of Emergency
- March 17, 2020, EO 20-07 Prohibiting On-Premises Consumption of Food or Drink
- March 17, 2020, EO 20-08 School Closures
- March 19, 2020, EO 20-10 Postponing Non-urgent Health Care Procedures
- March 23, 2020, EO 20-12 Stay at Home, Closing Specified Retail Businesses and Outdoor Areas, Requiring Social Distancing
- April 15, 2020, EO 20-16 Ensure Safe Public Meetings

Guidance began coming out last week on how to re-open our communities safely. I have attached the Federal Guidelines from the Whitehouse and CDC that were put out April 16th, and the State Guidelines that were originally put out on April 14th, and revised on April 20th.

In addition, the City Council adopted Resolution 20-R-1176 on March 26, 2020, temporarily and partially restricting the Rental of Transient Lodging Facilities.

At both the Federal and State level, there has been much discussion about the need to have reopening done on a regional basis (i.e. reopening rural Oregon looks different than reopening Portland or Salem).

With that in mind, the County, the Cities within our County, and Curry Health Network have begun discussions on developing a reopening plan, so that we are prepared when Governor Brown begins lifting restrictions.

Attachment(s):

- a. Governor Brown's 2020 Executive Orders
- b. Federal Guidelines "Opening Up America Again"
- c. "Reopening Oregon: A Public Health Framework for Restarting Public Life and Business"
- d. Resolution 20-R-1176

GUIDELINES

OPENING UP AMERICA AGAIN

Proposed State or Regional Gating Criteria

(Satisfy Before Proceeding to Phased Opening)

SYMPTOMS

Downward trajectory of influenza-like illnesses (ILI) reported within a 14-day period

AND

Downward trajectory of covid-like syndromic cases reported within a 14-day period

CASES

Downward trajectory of documented cases within a 14-day period

OR

Downward trajectory of positive tests as a percent of total tests within a 14-day period (flat or increasing volume of tests)

HOSPITALS

Treat all patients without crisis care

AND

Robust testing program in place for at-risk healthcare workers, including emerging antibody testing

*State and local officials may need to tailor the application of these criteria to local circumstances (e.g., metropolitan areas that have suffered severe COVID outbreaks, rural and suburban areas where outbreaks have not occurred or have been mild). Additionally, where appropriate, Governors should work on a regional basis to satisfy these criteria and to progress through the phases outlined below.

Core State Preparedness Responsibilities

TESTING & CONTACT TRACING

- ✓ Ability to quickly set up safe and efficient screening and testing sites for symptomatic individuals and trace contacts of COVID+ results
- ✓ Ability to test Syndromic/ILI-indicated persons for COVID and trace contacts of COVID+ results
- ✓ Ensure sentinel surveillance sites are screening for asymptomatic cases and contacts for COVID+ results are traced (sites operate at locations that serve older individuals, lower-income Americans, racial minorities, and Native Americans)

HEALTHCARE SYSTEM CAPACITY

- ✓ Ability to quickly and independently supply sufficient Personal Protective Equipment and critical medical equipment to handle dramatic surge in need
- ✓ Ability to surge ICU capacity

PLANS

- ✓ Protect the health and safety of workers in critical industries
- ✓ Protect the health and safety of those living and working in high-risk facilities (e.g., senior care facilities)
- ✓ Protect employees and users of mass transit
- ✓ Advise citizens regarding protocols for social distancing and face coverings
- ✓ Monitor conditions and immediately take steps to limit and mitigate any rebounds or outbreaks by restarting a phase or returning to an earlier phase, depending on severity

Proposed Phased Approach

BASED ON **UP-TO-DATE DATA** AND READINESS

MITIGATES RISK OF RESURGENCE

PROTECTS THE MOST VULNERABLE

IMPLEMENTABLE ON **STATEWIDE OR COUNTY-BY-COUNTY** BASIS AT GOVERNORS' DISCRETION

Guidelines for All Phases: Individuals

CONTINUE TO PRACTICE GOOD HYGIENE

- ✓ Wash your hands with soap and water or use hand sanitizer, especially after touching frequently used items or surfaces.
- ✓ Avoid touching your face.
- ✓ Sneeze or cough into a tissue, or the inside of your elbow.
- ✓ Disinfect frequently used items and surfaces as much as possible.
- ✓ Strongly consider using face coverings while in public, and particularly when using mass transit.

PEOPLE WHO FEEL SICK SHOULD STAY HOME

- ✓ Do not go to work or school.
- ✓ Contact and follow the advice of your medical provider.

Continue to adhere to State and local guidance as well as complementary CDC guidance, particularly with respect to face coverings.

Guidelines for All Phases: Employers

Develop and implement appropriate policies, in accordance with Federal, State, and local regulations and guidance, and informed by industry best practices, regarding:

- ✓ Social distancing and protective equipment
- ✓ Temperature checks
- ✓ Testing, isolating, and contact tracing
- ✓ Sanitation
- ✓ Use and disinfection of common and high-traffic areas
- ✓ Business travel

Monitor workforce for indicative symptoms. Do not allow symptomatic people to physically return to work until cleared by a medical provider.

Develop and implement policies and procedures for workforce contact tracing following employee COVID+ test.

OPENING UP AMERICA AGAIN

Phase One

FOR STATES AND REGIONS
THAT SATISFY THE GATING CRITERIA

Phase One

INDIVIDUALS

ALL VULNERABLE INDIVIDUALS* should continue to shelter in place. Members of households with vulnerable residents should be aware that by returning to work or other environments where distancing is not practical, they could carry the virus back home. Precautions should be taken to isolate from vulnerable residents.

All individuals, **WHEN IN PUBLIC** (e.g., parks, outdoor recreation areas, shopping areas), should maximize physical distance from others. Social settings of more than 10 people, where appropriate distancing may not be practical, should be avoided unless precautionary measures are observed.

Avoid **SOCIALIZING** in groups of more than 10 people in circumstances that do not readily allow for appropriate physical distancing (e.g., receptions, trade shows)

MINIMIZE NON-ESSENTIAL TRAVEL and adhere to CDC guidelines regarding isolation following travel.

*See Appendix 1 for Definition of Vulnerable Individuals

EACH PHASE OF THIS GUIDANCE ADDRESSES THOSE ASPECTS OF DAILY LIFE FOR WHICH RESTRICTIONS REMAIN APPROPRIATE DUE TO COVID.

Phase One

EMPLOYERS

Continue to **ENCOURAGE TELEWORK**, whenever possible and feasible with business operations.

If possible, **RETURN TO WORK IN PHASES**.

Close **COMMON AREAS** where personnel are likely to congregate and interact, or enforce strict social distancing protocols.

Minimize **NON-ESSENTIAL TRAVEL** and adhere to CDC guidelines regarding isolation following travel.

Strongly consider **SPECIAL ACCOMMODATIONS** for personnel who are members of a **VULNERABLE POPULATION**.

EACH PHASE OF THIS GUIDANCE ADDRESSES THOSE ASPECTS OF DAILY LIFE FOR WHICH RESTRICTIONS REMAIN APPROPRIATE DUE TO COVID.

Phase One

SPECIFIC TYPES OF EMPLOYERS

SCHOOLS AND ORGANIZED YOUTH ACTIVITIES (e.g., daycare, camp) that are currently closed should remain closed.

VISITS TO SENIOR LIVING FACILITIES AND HOSPITALS should be prohibited. Those who do interact with residents and patients must adhere to strict protocols regarding hygiene.

LARGE VENUES (e.g., sit-down dining, movie theaters, sporting venues, places of worship) can operate under strict physical distancing protocols.

ELECTIVE SURGERIES can resume, as clinically appropriate, on an outpatient basis at facilities that adhere to CMS guidelines.

GYMS can open if they adhere to strict physical distancing and sanitation protocols.

BARS should remain closed.

BARS may operate with diminished standing-room occupancy, where applicable and appropriate.

EACH PHASE OF THIS GUIDANCE ADDRESSES THOSE ASPECTS OF DAILY LIFE FOR WHICH RESTRICTIONS REMAIN APPROPRIATE DUE TO COVID.

Phase Three

FOR STATES AND REGIONS WITH NO EVIDENCE OF

Reopening Oregon:

A Public Health Framework for Restarting Public Life and Business

Governor Kate Brown

April 20, 2020

*You don't make the timeline.
The virus makes the timeline.*

– Dr. Anthony Fauci

Our reality:

We will be living with the virus until there is immunity, which is many months off.

Goal: Keep
the Curve
Flattened

COVID-19 hospitalizations

Experience in other countries and modelling says: reducing social distancing too quickly will create a spike in cases.

Opening Up America Again Guidelines

Released by President Trump on April 16, 2020

WHEREAS, despite the Governor's "Stay Home" order, the City of Brookings and our coastal communities continue to experience an influx of visitors who are likely violating the Governor's order and the City has observed that such visitors commonly gather on the beach or in public in groups larger than ten people and such violations increase the risk of Coronavirus (COVID-19) spread in the City of Brookings, Curry County and our coastal communities; and

WHEREAS, the City of Brookings supports the long term success of our business community and encourages tourism, while recognizing that some business and tourism activities must be temporarily restricted because they encourage violations of Governor Brown's Executive Orders and violate the protocols from the Oregon Health Authority, in addition to adding stress on critical pandemic-fighting resources ; and

WHEREAS, the City of Brookings recognizes that during this time unlimited and increased Transient Lodging Facilities (TLF) rentals require increased housekeeping, laundry, maintenance, grocery-shopping, and other interactions, all of which increases the risk of virus spread; and

WHEREAS, the City has already asked Governor Brown to issue a similar restriction on TLF rentals and such restriction has not yet been issued; ;

WHEREAS, the City Council and Mayor find that there is a causal nexus between a reasonable, temporary, and limited restriction of TLF rentals to certain persons and protecting the health, life, safety and welfare of the public while the successfully managing City resources during this pandemic;

WHEREAS, the City Council and Mayor find that this reasonable, temporary, and limited restriction on certain TLF rentals is the least restrictive method of containing and minimizing our community's exposure to the virus in TLFs and in the visiting population;

WHEREAS, the City desires to address the serious public health, life and safety emergency posed by the unlimited, unrestricted rentals of Transient Lodging Facilities within the City of Brookings to persons who are likely in violation of the Governor's "Stay Home" order; and

WHEREAS, the City reasonably expects that the influx of visitors to the City will soon increase due to school schedules, weekend travel, and Spring Break, thus increasing the risk of virus spread and likelihood of disease and death;

NOW THEREFORE BE IT RESOLVED THAT:

1. **Temporary, Partial Restriction on the Rental of Transient Lodging Facilities ("TLF").** Effective Friday, March 27, 2020 at 5:00 pm, the City of Brookings hereby temporarily restricts the rental of TLF's (which shall be defined as a "hotel" under Brookings Municipal Code 310.010A) until May 1st, 2020. Rental of TLFs during this time shall be limited to: persons in the trucking industry; victims of domestic violence; health care workers, government workers, first responders, and other persons deemed by the City, County or the State to be essential or necessary during the pandemic; persons seeking to use the TLF to responsibly quarantine themselves (if allowed by the TLF owner); and residents of the City of Brookings or any residents with a 97415 zip code
2. **Extension of Restriction by City Manager.** This temporary, partial restriction may be extended by the City Manager for up to one additional month as long as the Governor's "Stay Home" travel restrictions are similarly extended.
3. **Appeal.** TLF owners who wish to appeal this temporary, partial restriction may do so by providing, in writing, the following: 1) proof that a person not listed in Section 1 above has requested lodging during the Restriction time period; and 2) a showing that the TLF rental to such a person will not increase the risk of virus spread within the City. The Council hereby delegates to the City Manager the authority to make the final appeal decision. Such final appeal decision shall be provided in writing to the appellant within two business days.

Emergency resolution passed by the City Council March 26, 2020 ; dated and effective this 26th day of March, 2020.
